King of Prussia, Pennsylvania, was the site of the 105th annual Convention of Tau Beta Pi, the engineering honor society. Leaders of the organization returned to the place of Tau Beta Pi's founding to celebrate the 125th anniversary of the Association. The members of Pennsylvania Alpha, the collegiate chapter at Lehigh University, hosted the event. Three hundred forty-three engineering students from 227 collegiate chapters received leadership and management training and then practiced their skills in conducting the business of the Convention, held this year on October 7-9. There were 514 members of Tau Beta Pi on hand for this gathering of talented engineers.
