PARNTERING WITH TEACH FOR AMERICA ON YOUR COLLEGE CAMPUS

In addition to engaging in the STEM Achievement Gap Awareness Week, there are so many other ways that you can work with Teach For America on your campus! Below you’ll find a “menu” of potential partnership opportunities – please note these are just some of the many ways you can work with Teach For America on your campus.

Please connect with your Teach For America campus representative to discuss even more activities you can do on your campus! Contact Molly Ellenberg for information on the TFA representative on your campus.

Service Opportunities
- Volunteering and conducting MindSET activities in TFA corps member classrooms (if located near a TFA region)
- Starting a “pen pal” program with corps member students interested in engineering
- Co-sponsoring a service event or fundraiser with TFA

Awareness Building Activities
- Co-marketing activities on campus (co-branded flyers, chalking, etc)
- Co-sponsoring recruitment activities

Professional Development Activities
- Asking TFA campus representative to provide professional development to members of your campus chapter. Potential trainings include, but aren’t limited to:
  o Developing your leadership potential
  o Resume and interview skills workshop
  o Building your personal brand
  o Effective event planning and follow up
  o And many more!
- Co-hosting panel of TFA alumni working in STEM fields, providing career advice
