**Avg. # of hours each electee involved spent on the project:** N/A

**Names of electees involved:** N/A

---

**General Description:**

Our chapter held a meeting early into the semester to decide events and the time they would be held for the semester. This included brainstorming using ideas the officers came up with earlier and previous years as a jump start.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**

This event allowed members to have a direct influence on the number of events conducted and the type of events done. Also allowed them to know significantly in advance to reserve time for TBP. This gives the members opportunities for development and learning that would be relevant and useful to them.

**Organization and Administration:**

The officers organized the meeting, and the members attended.

**Other groups involved:** No

**Cost and Personnel Requirements:** Room which was free

**Problems:** None

**Overall Evaluation / Results:**

The meeting proved quite useful as we did not encounter any problems with event through the semester. However, it seemed most members were already too busy with academics and did not have a lot of time to dedicate to anything else.

**Names of electees involved:**

Kyle Berg, Ethan Jackola, Robert Kimmerling, Jeffrey Chen, Paul Sanders, Miguel Recabarren, Benedict Ray, Philip Elterman, Deborah Jackson, Brennan Grey, Madelynn Mak, Joseph Scrivens, Renee Spear, Emmet Hamman, Ryland Stampfel, David Stockhouse, Alan Wallingford

**General Description:**

Our chapter held an informational meeting to inform candidates about Tau Beta Pi and encourage them to join the organization. We also provided some guidance to aid the application process.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**

In this event we shared and explained our goals of integrity and community service, along with academic excellence. This was to ensure the candidates knew what being part of the organization would entail and would be better able to contribute to our goals. It also provided some information critical to the application process.

**Organization and Administration:**

The officers organized the meeting, and the candidates attended.

**Other groups involved:** No

**Cost and Personnel Requirements:** Room which was free

**Problems:** None

**Overall Evaluation / Results:**

The meeting proved quite useful as we did not encounter any problems for candidates going through the application process and were able to answer any questions they had immediately and in person.
Project Name: Company Presentation  
Project Area(s): Professional Development

Date(s) of Project: 3rd Oct  
New Project: No

Number of members involved: 4

Avg. # of hours each member involved spent on the project: 1

Names of members involved:
Hossain Samei, Emma Schneider, Rachael Rise, Christalyn Tan

Number of electees involved: 2

Avg. # of hours each electee involved spent on the project: 1

Names of electees involved:
Renee Spear, Emmet Hamman

General Description:
Prior to the career fair, our chapter hosted a Garmin presentation to give students an opportunity to connect with the recruiters. This presentation was open to all students.

Purpose and Relationship to the Objectives of Tau Beta Pi:
This event gives our members the professional opportunity to talk with the recruiters prior to the career fair. It also improves the chapter’s image to all the students on campus as well as the recruiter that is present.

Organization and Administration:
The officers organized the time and place for the presentation with the help of career services and aided recruiters to the location and with other miscellaneous issues.

Other groups involved: Career Services on campus

Cost and Personnel Requirements: Room which was free, and Recruiters who made arrangements with the Career Service representatives.

Problems: None

Overall Evaluation / Results:
The recruiters were very appreciative of the help and had a positive image of TBP after the event. Some members showed up who were previous interns with Garmin which allowed them to share their experience. Positive experience for members, recruiters and the other ~20 students that attended.
**Project Name:** Univ 101 Visit

**Project Area(s):** Promote Engineering

**Date(s) of Project:** 8th - 10th Oct

**New Project:** No

---

**Number of members involved:** 2

**Avg. # of hours each member involved spent on the project:** .5

**Names of members involved:**

Jonathan Hamburger, Emma Schneider

**Number of electees involved:** N/A

**Avg. # of hours each electee involved spent on the project:** N/A

**Names of electees involved:** N/A

---

**General Description:**

Officers went into the freshman engineering introductory class to briefly talk about Tau Beta Pi: who we are, what we do, and what they need to join us.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**

This event helped Tau Beta Pi gain more recognition and made our presence around campus known. It also promoted the engineering profession by giving the new engineers a goal to strive for.

**Organization and Administration:**

Officers spoke with the professors and arranged a day that they could speak to the class briefly.

**Other groups involved:** No

**Cost and Personnel Requirements:** Class time which was provided by the professors

**Problems:** None

**Overall Evaluation / Results:**

This project helped make our presence on campus known and inspired new engineers to achieve more so that they can join our prestigious organization. This semester an electee mentioned he heard about TBP like that and had been aspiring to join us since.
**Project Name:** Candidate Interviews

**Date(s) of Project:** 15th-18th Oct

**Project Area(s):** Chapter / Social

**New Project:** No

**Avg. # of hours each electee involved spent on the project:** .5

**Names of electees involved:**
Kyle Berg, Ethan Jackola, Robert Kimmerling, Jeffrey Chen, Paul Sanders, Miguel Recabarren, Benedict Ray, Philip Elterman, Deborah Jackson, Brennan Grey, Madelynn Mak, Joseph Scrivens, Renee Spear, Emmet Hamman, Ryland Stampfel, David Stockhouse, Alan Wallingford, Forrest Mobley, Morgan Valiant

---

**General Description:**

Our chapter interviewed all the candidates to get to know them on a more personal level as a part of the application process. This helped us determine their personal qualities alongside of the academics and find their alma matter.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**

The interview allowed us to determine whether the candidate’s personal goals aligned with the goals of Tau Beta Pi. It also helped the candidate develop a connection to the organization on a personal level.

**Organization and Administration:**

The officers interviewed the candidates, and a guideline of questions to ask was provided to them.

**Other groups involved:** No

**Cost and Personnel Requirements:** Room which was free

**Problems:** None

**Overall Evaluation / Results:**

It was helpful to have met and spoken with the candidate as it ensured that all the candidates could have at least 1 person discuss their personal qualities in the voting session to determine if they would be a fit for the organization.
**Project Name:** Election Meeting  
**Project Area(s):** Chapter / Social  
**Date(s) of Project:** 18th Oct

**Names of electees involved:** N/A

---

**General Description:**  
The active member body voted on the candidates and approved them or rejected them to join Tau Beta Pi.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**  
Ensure that candidates added to our chapter will support the goals of and contribute to Tau Beta Pi.

**Organization and Administration:**  
The officers introduced candidate and what they think about them based on the interview, and other members who know the candidate are free to add more content before they all vote.

**Other groups involved:** No  
**Cost and Personnel Requirements:** Tacos totaling about $95 were purchased to encourage attendance  
**Problems:** None  
**Overall Evaluation / Results:**  
It was helpful to have had interviews to get discussion about candidates started. Getting all the members’ opinion also keeps them involved in the organization and provides a better idea regarding the alma matter of the candidate which are both great.
Project Name: Professional Engineering Info Session  Project Area(s): Promote Engineering  

Date(s) of Project: 1st Nov  New Project: Yes  

Number of members involved: 27  

Avg. # of hours each member involved spent on the project: 0.5  

Names of members involved:

Number of electees involved: 4  

Avg. # of hours each electee involved spent on the project: 0.5  

Names of electees involved:  
Joseph Scrivens, Miguel Recabarren, Deborah Jackson, Madelynn Mak  

General Description:  
Professor who is a licensed PE spoke about the FE and PE licensure and benefits it would entail. Included overview of what they would need to do as well as resources available to help them prep.  

Purpose and Relationship to the Objectives of Tau Beta Pi:  
Promote engineering profession to our members, as most of them did not even know that such licensure exists. Also helps professional development of the members as it will open them to more opportunities if they pursue it.  

Organization and Administration:  
Officers spoke with professor and made arrangement for him to give a presentation.  

Other groups involved: No  

Cost and Personnel Requirements: Tacos totaling about $95 were purchased to encourage attendance  

Problems: None  

Overall Evaluation / Results:  
Was very useful to our members as most of them did not know much about getting licensed prior to the presentation. They were involved during the presentation and asked questions too.

---

**General Description:**  
Presentation that highlighted the things to consider when choosing a graduate program and good practices in writing a great application. Also went over some contacts for graduate admission at universities that attended the fair at the national convention, and shared application waivers for all interested members.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**  
Our school does not have a graduate school fair or similar event to give the students a chance to talk with the people involved in admission. Since our president was able to meet a few of them at convention, he shared the things he had learned and what could help others. Helps promote educational and professional development in our members.

**Organization and Administration:**  
President compiled presentation with contact info of all admission adviser and other tips he had received when at convention.

**Other groups involved:** No

**Cost and Personnel Requirements:** Hosted right after the PE Info Session, so shared same food.

**Problems:** None

**Overall Evaluation / Results:**  
Was very useful to our members as most of them did hear much about what the recruiters are looking for. Attendance was not as high as desired as most of the members are looking to go straight to work.
**Project Name:** Bent Polishing  
**Project Area(s):** Chapter / Social  
**Date(s) of Project:** 18th Nov  
**New Project:** No

---

**Number of members involved:** 4  
**Avg. # of hours each member involved spent on the project:** 0.5  
**Names of members involved:**  
Hossain Samei, Rachel Rise, Megan Adamoli, Zachary Davis

**Number of electees involved:** 2  
**Avg. # of hours each electee involved spent on the project:** 0.5  
**Names of electees involved:**  
Joseph Scrivens, Miguel Recabarren

---

**General Description:**  
Members and electees chose time slots and we polished the bent on campus.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**  
Ensure a positive image of Tau Beta Pi on campus, as well as share who we are with people walking by. Also allows members to socialize in small groups, and get to know each other a bit better.

**Organization and Administration:**  
We had at least one officer during each time slot, and had a max of 2 other people with them at a time. The schedule of who should be working on it at any given time was made available to the members so that they could remember.

**Other groups involved:** No

**Cost and Personnel Requirements:** About $15 for 3 cans of polish, Advisor provided rags

**Problems:** Finished too quick

**Overall Evaluation / Results:**  
Great event to make Tau Beta Pi have a greater presence on campus, and the members who volunteered had an enjoyable time too. We will keep doing this event. Problem was that it did not take 4-5 hour to shine the bent as initially expected so a lot more people (about 15) signed up for a time lot but did not get the chance to shine it as it was done in like 2 hours.
Project Name: Initiation Ceremony  Project Area(s): Chapter / Social
Date(s) of Project: 29th Nov  New Project: No

Number of members involved: 17
Avg. # of hours each member involved spent on the project: 1.25
Names of members involved:
Virpaul Uppal, Jesse Ingraham, Callie Swafford, Jonathan Hamburger, Jason Hamburger, Kyle Walker, Zachary Davis, Matthew Norris, Barik Smith, Emmet Hamman, Hossain Samei, Rachael Rise, Shubhra Chanpuriya, Emma Schneider, Sawyer Krueger, Michael Fusco, Silas Graff

Number of electees involved: 18
Avg. # of hours each electee involved spent on the project: 1
Names of electees involved:
Kyle Berg, Ethan Jackola, Robert Kimmerling, Jeffrey Chen, Paul Sanders, Miguel Recabarren, Benedict Ray, Philip Elterman, Deborah Jackson, Brennan Grey, Joseph Scrivens, Renee Spear, Emmet Hamman, Ryland Stampfel, David Stockhouse, Alan Wallingford, Forrest Mobley, Morgan Valiant

General Description:
Initiation of the chosen candidates into the chapter.

Purpose and Relationship to the Objectives of Tau Beta Pi:
Inform initiates the importance and impact of Tau Beta Pi and help grow the Tau Beta Pi community by bringing in more qualified members.

Organization and Administration:
The officers arrived early to set up the lights and ensure everything was functional. They also rehearsed the ceremony to minimize any chance for error. Once the initiates all arrived, they were all escorted to the auditorium for the ceremony. After the ceremony the new members were dismissed and the officers cleaned up before concluding the event.

Other groups involved: No
Cost and Personnel Requirements: Some cookies costing about $20 were purchased as snacks for after the ceremony.
Problems: None
Overall Evaluation / Results:
Ceremony went well, and some TBP retirees living in the area came by to see the initiation.
Project Name: Soccer Fridays  
Project Area(s): Liberal Culture  
Date(s) of Project: Multiple (every Friday)  
New Project: Yes

Number of members involved: 3

Avg. # of hours each member involved spent on the project: 15

Names of members involved:
Hossain Samei, Corey Bullens, Evan Bond

Number of electees involved: 1

Avg. # of hours each electee involved spent on the project: 15

Names of electees involved:
Miguel Recabarren

General Description:
Members played soccer together along with other students, mostly freshman and sophomores. Our TBP chapter reserved the field on Friday afternoons to ensure everyone would have a place to play. Typical attendance ranged from 10 – 20 depending on who was available, and we played for an hour.

Purpose and Relationship to the Objectives of Tau Beta Pi:
Provide a casual and fun environment to destress at the end of the week and give the chance to freshman who are potential members to connect with our members and hence want to be a part of TBP. TBP members are not limited to studying and classwork, and this event helps others see it is possible to keep high grades and have a good time.

Organization and Administration:
President spoke with the campus services representative and reserved the field. Everyone that usually play comes and brings friends. We also have professors join us often and had TBP professors play too.

Other groups involved: General student body

Cost and Personnel Requirements: Field which was provided by school, and balls which individuals had

Problems: Sporadic; sometimes high attendance, other times low.

Overall Evaluation / Results:
It is a very fun activity, and our members enjoy it. The other students are appreciative that they do not have to worry about finding a place to play.

---

**General Description:**  
Meeting of the office members with advisors every week to ensure all necessary tasks are done and plans are being made and executed properly.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**  
Ensure the chapter is in good standing with HQ, and plan/organize events to promote the goals of Tau Beta Pi.

**Organization and Administration:**  
President has meeting agenda and discusses plans, assigns tasks and other administrative duties to ensure progress of the chapter.

**Other groups involved:** No  
**Cost and Personnel Requirements:** Room which was free  
**Problems:** None

**Overall Evaluation / Results:**  
Helpful to have everyone available at the same time and have the advisors present as it expedites decision making and allows for discussions and feedback which helps improve the chapter.

**General Description:**

Our chapter held a meeting early into the semester to decide events and the time they would be held for the semester. This included brainstorming using ideas the officers came up with earlier and previous years as a jump start.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**

This event allowed members to have a direct influence on the number of events conducted and the type of events done. Also allowed them to know significantly in advance to reserve time for TBP. This gives the members opportunities for development and learning that would be relevant and useful to them.

**Organization and Administration:**

The officers organized the meeting, and the members attended.

**Other groups involved:** No

**Cost and Personnel Requirements:** Room which was free

**Problems:** None

**Overall Evaluation / Results:**

The meeting proved quite useful as we did not encounter any problems with event through the semester. However, it seemed most members were already too busy with academics and did not have a lot of time to dedicate to anything else.
Project Name: Candidate Meeting
Date(s) of Project: 7th Feb

Number of members involved: 5
Avg. # of hours each member involved spent on the project: 2
Names of members involved:
Hossain Samei, Emma Schneider, Jonathan Hamburger, Sawyer Krueger, Miguel Recabarren

Number of electees involved: 8
Avg. # of hours each electee involved spent on the project: 1
Names of electees involved:
Sebastian Aguas, John Bannon, Lewis Breslin, Monty Bruckman, Alexander Crammond, Matthew Espiritu, Maxwell Neuharth, Joselyn Rabbitt

General Description:
Our chapter held an informational meeting to inform candidates about Tau Beta Pi and encourage them to join the organization. We also provided some guidance to aid the application process.

Purpose and Relationship to the Objectives of Tau Beta Pi:
In this event we shared and explained our goals of integrity and community service, along with academic excellence. This was to ensure the candidates knew what being part of the organization would entail and would be better able to contribute to our goals. It also provided some information critical to the application process.

Organization and Administration:
The officers organized the meeting, and the candidates attended.

Other groups involved: No

Cost and Personnel Requirements: Room which was free

Problems: None

Overall Evaluation / Results:
The meeting proved quite useful as we did not encounter any problems for candidates going through the application process and were able to answer any questions that had immediately and in person. Will continue to do.

**General Description:**  
Prior to the career fair, our chapter hosted a Lockheed Martin presentation to give students an opportunity to connect with the recruiters. This presentation was open to all students.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**  
This event gives our members the professional opportunity to talk with the recruiters prior to the career fair. It also improves the chapter’s image to all the students on campus as well as the recruiter that is present.

**Organization and Administration:**  
The officers organized the time and place for the presentation with the help of career services and aided recruiters to the location and with other miscellaneous issues.

**Other groups involved:** Career Services on campus

**Cost and Personnel Requirements:** Room which was free, and Recruiters who made arrangements with the Career Service representatives.

**Problems:** None

**Overall Evaluation / Results:**  
The recruiters were very appreciative of the help and had a positive image of TBP after the event. Positive experience for members, recruiters and the other ~40 students that attended.
**Project Name:**  Candidate Interviews

**Names of electees involved:**

Sebastian Aguas, John Bannon, Lewis Breslin, Monty Bruckman, Alexander Crammond, Matthew Espiritu, Zachary Johnson, Maxwell Neuharth, Joselyn Rabbitt

---

**General Description:**

Our chapter interviewed all the candidates to get to know them on a more personal level as a part of the application process. This helped us determine their personal qualities alongside of the academics and find their alma matter.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**

The interview allowed us to determine whether the candidate’s personal goals aligned with the goals of Tau Beta Pi. It also helped the candidate develop a connection to the organization on a personal level.

**Organization and Administration:**

The officers interviewed the candidates, and a guideline of questions to ask was provided to them.

**Other groups involved:**  No

**Cost and Personnel Requirements:**  Room which was free

**Problems:**  None

**Overall Evaluation / Results:**

It was helpful to have met and spoken with the candidate as it ensured that all the candidates could have at least 1 person discuss their personal qualities in the voting session to determine if they would be a fit for the organization.

Number of electees involved: N/A
Avg. # of hours each electee involved spent on the project: N/A
Names of electees involved: N/A

General Description:
The active member body voted on the candidates and approved them or rejected them to join Tau Beta Pi.

Purpose and Relationship to the Objectives of Tau Beta Pi:
Ensure that candidates added to our chapter will support the goals of and contribute to Tau Beta Pi.

Organization and Administration:
The officers introduced candidate and what they think about them based on the interview, and other members who know the candidate are free to add more content before they all vote.

Other groups involved: No

Cost and Personnel Requirements: Tacos totaling about $95 were purchased to encourage attendance

Problems: None

Overall Evaluation / Results:
It was helpful to have had interviews to get discussion about candidates started. Getting all the members’ opinion also keeps them involved in the organization and provides a better idea regarding the alma matter of the candidate which are both great.

**Names of electees involved:** N/A

**General Description:**  
Our chapter celebrated Pi Day early as it was during Spring Break. We handed out pie to anyone who could say at least 10 digits of pi.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**  
Improves our image on campus and is one of the main occasions celebrated by TBP. Our members and the general student body all enjoy the event.

**Organization and Administration:**  
Officers arranged to have a table at the library and took turns to man the table throughout the day.

**Other groups involved:** General student body

**Cost and Personnel Requirements:** Pie costing about $100, and space was free.

**Problems:** Ran out of pie within 3 hours

**Overall Evaluation / Results:**  
It is a very fun activity, and everyone enjoyed it. The most digits that anyone reached was above 300 and we will try to get more pie for next time. Most of our members came by to get some pi during the event and advertise it to others so were very involved as well.
Project Name: TBP Class Visit  Project Area(s): Promote Engineering
Date(s) of Project: 19th - 20th Feb  New Project: No

Number of members involved: 2
Avg. # of hours each member involved spent on the project: .5
Names of members involved:
Sawyer Krueger, Emma Schneider

Number of electees involved: N/A
Avg. # of hours each electee involved spent on the project: N/A
Names of electees involved: N/A

General Description:
Officers went into the sophomore engineering classes to briefly talk about Tau Beta Pi and advertise the engineering future session later in the month.

Purpose and Relationship to the Objectives of Tau Beta Pi:
This event helped Tau Beta Pi gain more recognition and made our presence around campus known. It also promoted the engineering profession by giving aspiring engineers a goal to strive for.

Organization and Administration:
Officers spoke with the professors and arranged a day that they could speak to the class briefly.

Other groups involved: General student body

Cost and Personnel Requirements: Class time which was provided by the professors

Problems: None

Overall Evaluation / Results:
This project helped make our presence on campus known and inspired new engineers to achieve more so that they can join our prestigious organization. Also helped us ensure that we have enough people interested to have the EF session. Will probably try to do again as this audience is closer to being potential members than the freshman classes.
Project Name: Tuscan Airshow  
Date(s) of Project: 23 Feb  
New Project: Yes

Number of members involved: 2
Avg. # of hours each member involved spent on the project: 3

Names of members involved:
Hossain Samei, Miguel Recabarren

Number of electees involved: N/A
Avg. # of hours each electee involved spent on the project: N/A
Names of electees involved: N/A

General Description:
Our chapter planned to go to the airshow in Tuscan as a social event. Interested members and some students were carpooled together from Prescott to Tuscan. Since we are an aeronautical university, this event had high interest from our members.

Purpose and Relationship to the Objectives of Tau Beta Pi:
This was planned to be a fun social event that met the interest of most of our members. This was to develop the community feeling of being a part of TBP. Although initially a lot of people expressed interest, not many people signed up to go. So, then it was opened to other group of students and saw us partnering with the international student association to send people to the show.

Organization and Administration:
The people participating met and chose who would be willing to drive, and ensure we have enough space for everyone. We had about 6 people total attend this event.

Other groups involved: International Student Association

Cost and Personnel Requirements: Gas for the trip which was paid by the people travelling, and cars and drivers were chosen from the people going.

Problems: Initially had high interest from the chapter at the event plan meeting, but still barely any members attended the event due to the time dedication it entailed.

Overall Evaluation / Results:
It was a fun event but took the entire day. We may continue to do this event as there was plenty of interest from the general student body. It revealed the issue of members expressing interest but still not participating, so we will try to find a solution to this problem.
Project Name: Officer Election  
Project Area(s): Chapter / Social

Number of electees involved: N/A  
Avg. # of hours each electee involved spent on the project: N/A

Names of electees involved: N/A

General Description:
The active member body voted on the TBP officers for next year.

Purpose and Relationship to the Objectives of Tau Beta Pi:
Maintain a functioning chapter that will continue to abide chapter guidelines and instructions provided by HQ for next year.

Organization and Administration:
The member nominated people that would be able to fill the position and then voted on all nominated candidates.

Other groups involved: No

Cost and Personnel Requirements: Tacos totaling about $95 were purchased to encourage attendance

Problems: None

Overall Evaluation / Results:
We were able to fill all the officer positions for next year without much difficulty. None of the positions were contested, and I am not sure whether that is a good thing.

**Names of electees involved:** N/A

---

**General Description:**

Our chapter hosted the team chartering engineering futures session. We had about 20 people attend the session.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**

This event was intended for the professional development of engineers as they always work in teams. It helped others learn about TBP and learn something so that they remember us.

**Organization and Administration:**

President requested a session and coordinated with EF lecturer to determine a day and time that would work. Officers reserved a room and arranged food for the event.

**Other groups involved:** College of Engineering

**Cost and Personnel Requirements:** Room and food were provided to us free of charge by the college of engineering in support of the EF session.

**Problems:** Did not interest most of the members, due to the time commitment it entailed.

**Overall Evaluation / Results:**

All the attendees that I spoke with said they had a fun time and felt it was useful. We will try to host more sessions in the future but may have to target the student body as our audience and not our chapter specifically.
**Project Name:** Initiation Ceremony

**Names of electees involved:**
Sebastian Aguas, John Bannon, Monty Bruckman, Madelynn Mak, Alexander Crammond, Matthew Espiritu, Maxwell Neuharth, Joselyn Rabbitt

---

**General Description:**
Initiation of the chosen candidates into the chapter, and members of the chapter were welcome to come and view the ceremony.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**
Inform initiates the importance and impact of Tau Beta Pi and help grow the Tau Beta Pi community by bringing in more qualified members.

**Organization and Administration:**
The officers arrived early to set up the lights and ensure everything was functional. They also rehearsed the ceremony to minimize any chance for error. Once the initiates all arrived, they were all escorted to the auditorium for the ceremony. After the ceremony the all members were dismissed and the officers cleaned up before concluding the event.

**Other groups involved:** No

**Cost and Personnel Requirements:** Room which was free, and chapter had all other equipment

**Problems:** None

**Overall Evaluation / Results:** Ceremony went well, and the candidates became members of our chapter of Tau Beta Pi.

---

**General Description:**

Event to bring all the Tau Bates together at the end of semester and formally hand off the roles from the old officers to the new officers. Current, new, and alumni members came together for dinner.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**

Welcome the new members to the chapter of Tau Beta Pi and reflect on the accomplishments of the year. Network with all the other members of the chapter and discuss the engineering profession with alumni members.

**Organization and Administration:**

Meeting was organized by the president with the advisor’s aid, and a special house was reserved from the school to host this event.

**Other groups involved:** No

**Cost and Personnel Requirements:** Food was catered for this event from Olive Garden and cost about $300.

**Problems:** None

**Overall Evaluation / Results:**

This event is a great way to finish the year, ending with a relaxed meeting and the passing of duties from the old officers to the new. We will keep doing this next year.
Project Name: District 13 Conference

Date(s) of Project: 13th Apr

New Project: No

Number of members involved: 3

Avg. # of hours each member involved spent on the project: 7

Names of members involved: Hossain Samei, Miguel Recabarren, John Barragan

Number of electees involved: N/A

Avg. # of hours each electee involved spent on the project: N/A

Names of electees involved: N/A

General Description:

District conference in Albuquerque, NM. All the chapters gave reports and had many discussions to come up with ideas to develop their chapter as well as others. There was also a speaker and an alumni panel which provided more guidance to the chapters.

Purpose and Relationship to the Objectives of Tau Beta Pi:

The district conference helped connect all the chapters in Tau Beta Pi and allowed them to work together to improve their chapters, and hence Tau Beta Pi. Not only did work with and get to know other excellent engineers, but we also returned with innovative ideas to help improve each of our chapters when we returned home.

Organization and Administration:

The conference was organized by our District Directors, Chris Stemple and Allen Erickson.

Other groups involved: No

Cost and Personnel Requirements: Food, Lodging, and Travel covered by TBP

Problems: None

Overall Evaluation / Results:

The district conference gave the members an understanding how other chapters are doing and how the national organization is making progress. The opportunity to work together with so many bright people is not to be missed and we will make sure to take advantage of this opportunity again next year.
**Project Name:** Soccer Fridays

**Names of electees involved:** N/A

---

**General Description:**
Members played soccer together along with other students, mostly freshman and sophomores. Our TBP chapter reserved the field on Friday afternoons to ensure everyone would have a place to play. Typical attendance ranged from 10 – 20 depending on who was available, and we played for an hour.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**
Provide a casual and fun environment to destress at the end of the week and give the chance to freshman who are potential members to connect with our members and hence want to be a part of TBP. TBP members are not limited to studying and classwork, and this event helps others see it is possible to keep high grades and have a good time.

**Organization and Administration:**
President spoke with the campus services representative and reserved the field. Everyone that usually play comes and brings friends. We also have professors join us often and had TBP professors play too.

**Other groups involved:** General student body

**Cost and Personnel Requirements:** Field which was provided by school, and balls which individuals had

**Problems:** Sporadic; sometimes high attendance, other times low.

**Overall Evaluation / Results:**
It is a very fun activity, and our members enjoy it. The other students are appreciative that they do not have to worry about finding a place to play.
**Project Name:**  Weekly Leadership Meeting

**General Description:**  
Meeting of the officers with advisors every week to ensure all necessary tasks are done and plans are being made and executed properly.

**Purpose and Relationship to the Objectives of Tau Beta Pi:**  
Ensure the chapter is in good standing with HQ, and plan/organize events to promote the goals of Tau Beta Pi.

**Organization and Administration:**  
President has meeting agenda and discusses plans, assigns tasks and other administrative duties to ensure progress of the chapter.

**Other groups involved:** No  
**Cost and Personnel Requirements:** Room which was free  
**Problems:** None  
**Overall Evaluation / Results:**  
Helpful to have everyone available at the same time and have the advisors present as it expedites decision making and allows for discussions and feedback which helps improve the chapter.
