Project type: [☐] New [☑] Recurring

DESCRIPTION:

I. General Description:

For this event, cans of food were collected in order to donate to the local university food pantry, Feed-A-Bull. Initiates received event credits for bringing in canned food, which provided food security for those in our community.

II. Purpose & Relationship to Objectives of TBP:

The purpose of this event was to serve those in our area who may not have the resources to buy themselves food. By doing so, we accomplished the objective of TBP to serve as leaders in our community.

III. Organization & Administration: (in conjunction with another group?) [☐] Yes [☑] No

IV. Cost & Personnel Requirements: N/A

V. Special Problems: N/A

VI. Overall Evaluation/Results (Be Specific):

Including some cans from last year, we were able to donate over 100 cans of food of the university food pantry. The employees of the food pantry were very appreciative of our donation, especially because of the increased need for canned food in the weeks before Thanksgiving.

**I. General Description:**

We volunteered at Robofest, a robotics competition for 4th-12th grade students in which they design and program robots to complete specific tasks, such as object recognition and following a line. As volunteers, we were responsible for judging specific competitions and generally assisting with the event.

**II. Purpose & Relationship to Objectives of TBP:**

This event was in line with the engineering excellence objective of Tau Beta Pi because this event builds very useful skills for the children involved in their futures as engineers. Also, it helps our members and initiates become more well-rounded by contributing to the community.
