1 Officer Responsibilities Meeting

Maryland Beta

1. Project Information

- i. Date(s): 08/30/23
- ii. New/Recurring Project: New
- iii. Project Areas:
 - Officer Meetings
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	4
Electees	0

- v. Average number of hours per person spent:

Participating	Organizing
0.3	1.5

2. Project Evaluation

- i. **General Description**

Reviewed handbook materials to ensure that each officer understood their roles and prepared/brainstormed for the semester. The chapter organized who would take part in upcoming events as well as discuss important upcoming dates for the initiates.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project ties into the overall mission of our chapter as we need to prepare for the semester in order to create additional projects that promote leadership, scholarship, fellowship, and service.
- iii. **Organization and Administration**

The officers were the ones to lead the project and each officer was required to review their corresponding handbook in order to develop the needed information to prepare for the semester.
- iv. **Total Cost**

\$0.0
- v. **Cost Breakdown**

n/a
- vi. **Special Problems Encountered**

n/a

vii. **Overall Evaluation**

Overall, the goals the chapter wished to meet were accomplished as we were able to discuss the roles of each officer as well as begin the planning for the semester. Although we completed what we wanted to, it will be vital to have more turnout at the next meeting. This will be better handled as of now because we currently have everyone's schedule and are able to plan meetings during times that work for everyone.

2 Engineering Student Organization & Information Fair

Maryland Beta

1. Project Information

- i. Date(s): 09/01/23
- ii. New/Recurring Project: New
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	5
Electees	0

- v. Average number of hours per person spent:

Participating	Organizing
0.3	5.5

2. Project Evaluation

i. General Description

Tabled at the Engineering Student Organization & Information Fair in which we talked to engineering students of all years about Tau Beta Pi. The hope with this project was to spread awareness about our presence on the campus and encourage other students to join if they meet the eligibility requirements. In addition to talking to students, we also handed out flyers and bookmarks that talked about Tau Beta Pi.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project tied into the University/College project area as our hope was to encourage students who received their invitation or may receive an invitation in the future to join in order to grow our chapter. We hope that by having more connections with students we can become more well known at the University.

iii. Organization and Administration

The president and vice president led the project as well as organized our space at the event. Other officers took turns being behind the table to let students know more about Tau Beta Pi. The turnout of the event was decent, so our expectations of the project were exceeded as we were able to interact with a fair amount of students.

iv. **Total Cost**

\$0.0

v. **Cost Breakdown**

We needed at least one person at the table for the entire event

vi. **Special Problems Encountered**

n/a

vii. **Overall Evaluation**

Overall, this project was successful as we were able to reach our goal of getting more students informed about Tau Beta Pi. However, to have an even better turn out the chapter plans to find more ways to make are presence while tabling more apparent. Possibly different flyers/give aways and a trifold to display information. With the implementation of these aspects it may be possible to attract even more students.

3 UMD v Towson Concessions

Maryland Beta

1. Project Information

- i. Date(s): 09/02/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Fundraising
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM

- iv. Number of persons who participated:

Category	Count
Members	7
Electees	0

- v. Average number of hours per person spent:

Participating	Organizing
0.3	6.5

2. Project Evaluation

i. General Description

Fundraising event through UMD football concessions. For each event, 6 of our members need to volunteer to work at a food stand to provide service during UMD's football season as a requirement of their membership to our chapter. The first three hours of participation involved setting up and preparing while the final three hours consisted of serving and interacting with customers. UMD pays TBP for running these concession stands, and these kinds of events serve as the primary source of funding for our chapter.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

Football concessions are our main source of fundraising and is required to keep the organization running.

iii. Organization and Administration

Our president coordinated the members who would be volunteering at the event as well as acted as the group leader during service.

iv. Total Cost

\$0.0

v. Cost Breakdown

No monetary cost was needed but required 6 members to volunteer 6 hours of their time.

vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

The chapter matched the goals from the project plan. By participating in concessions, our chapter was able to help raise funds needed to keep it active.

 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	4
Electees	0

- v. Average number of hours per person spent:

Participating	Organizing
0.3	6.0

2. Project Evaluation

i. General Description

Fundraising event through UMD football concessions. For each event, 4 of our members need to volunteer to work at a food stand to provide service during UMD's football season as a requirement of their membership to our chapter. The first three hours of participation involved setting up and preparing while the final three hours consisted of serving and interacting with customers. UMD pays TBP for running these concession stands, and these kinds of events serve as the primary source of funding for our chapter.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

Football concessions are our main source of fundraising and is required to keep the organization running.

iii. Organization and Administration

Our president coordinated the members who would be volunteering at the event as well as acted as the group leader during service.

iv. Total Cost

\$0.0

v. **Cost Breakdown**

No monetary cost was needed but required 6 members to volunteer 6 hours of their time.

vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

The chapter matched the goals from the project plan. By participating in concessions, our chapter was able to help raise funds needed to keep it active.

6 First Look Meeting

Maryland Beta

1. Project Information

- i. Date(s): 09/12/23
- ii. New/Recurring Project: New
- iii. Project Areas:
 - Initiation
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	3
Electees	13

- v. Average number of hours per person spent:

Participating	Organizing
0.1	0.2

2. Project Evaluation

i. General Description

This project was aimed to get possible initiates interested into joining Tau Beta Pi as well as provide them information about what our chapter does and what to look forward to via a presentation. We were able to get a good turn out on the amount of student that came and hope to be able to initiate a fair amount of them this semester.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project tied into the University project area as our hope was to encourage students who received their invitation to join in order to grow our chapter. We hope that by having more connections with students we can become more well known at the University.

iii. Organization and Administration

Three officers led the meeting in which they presented a slide show discussing all of the different aspects of Tau Beta Pi as well as information on the initiation process.

iv. Total Cost

\$0.0

v. Cost Breakdown

n/a

vi. **Special Problems Encountered**

n/a

vii. **Overall Evaluation**

Overall, the project was a success as we were able to get a fair amount of students to join the meeting and hope to have them join Tau Beta Pi.

7 First Look Meeting

Maryland Beta

1. Project Information

- i. Date(s): 09/13/23
- ii. New/Recurring Project: New
- iii. Project Areas:
 - Initiation
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	7
Electees	0

- v. Average number of hours per person spent:

Participating	Organizing
0.1	0.2

2. Project Evaluation

i. General Description

This project was aimed to get the possible initiates interested into joining Tau Beta Pi as well as provide them information about what our chapter does and what to look forward to via a presentation. We were able to get a good turn out on the amount of student that came and hope to be able to initiate a fair amount of them this semester.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project tied into the University project area as our hope was to encourage students who received their invitation or may receive an invitation in the future to join in order to grow our chapter. We hope that by having more connections with students we can become more well known at the University.

iii. Organization and Administration

One officer led the meeting in which they presented a slide show discussing all of the different aspects of Tau Beta Pi as well as information on the initiation process.

iv. Total Cost

\$33.88

v. **Cost Breakdown**

This cost was in relation to getting pizza for this project. The amount was adequate since there were enough participants to meet the plan for the project.

vi. **Special Problems Encountered**

vii. **Overall Evaluation**

Overall, the project was a success as we were able to get a fair amount of students to join the meeting and hope to have them join Tau Beta Pi.

8 UMD v Virginia Concessions

Maryland Beta

1. Project Information

- i. Date(s): 09/15/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Fundraising
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	6
Electees	0

- v. Average number of hours per person spent:

Participating	Organizing
0.3	6.0

2. Project Evaluation

i. General Description

Fundraising event through UMD football concessions. For each event, 6 of our members need to volunteer to work at a food stand to provide service during UMD's football season as a requirement of their membership to our chapter. The first three hours of participation involved setting up and preparing while the final three hours consisted of serving and interacting with customers. UMD pays TBP for running these concession stands, and these kinds of events serve as the primary source of funding for our chapter.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

Football concessions are our main source of fundraising and is required to keep the organization running.

iii. Organization and Administration

Our president coordinated the members who would be volunteering at the event as well as acted as the group leader during service.

iv. Total Cost

\$0.0

v. **Cost Breakdown**

No monetary cost was needed but required 6 members to volunteer 6 hours of their time.

vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

The chapter matched the goals from the project plan. By participating in concessions, our chapter was able to help raise funds needed to keep it active.

9 Ice Cream Social

Maryland Beta

1. Project Information

- i. Date(s): 09/20/23
- ii. New/Recurring Project: New
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	5
Electees	11

- v. Average number of hours per person spent:

Participating	Organizing
0.5	0.5

2. Project Evaluation

- i. **General Description**

Members and electees met within the lounge for an ice cream social in order to introduce ourselves to each other. Additionally, officers/members shared information about different aspects of the initiation process to the new electees.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project fits within the social objective as the goal was to meet the new electees and get to know more about them as well as inform them about aspects of the initiation process.
- iii. **Organization and Administration**

Three officers led this project each were in charge of specific aspects including the sign-up form, purchasing the ice cream, and tracking member attendance.
- iv. **Total Cost**

\$24.08
- v. **Cost Breakdown**

This amount was used to fund the purchase of ice cream for the project. There was a good turnout in participants and was in proportion to the amount of ice cream bought.
- vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, everything went according to plan since we were able to get the ice cream in a timely matter as well as get a good amount of participants to show up at the event.

10 GBM 1

Maryland Beta

1. Project Information

- i. Date(s): 09/20/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - GBM
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM

- iv. Number of persons who participated:

Category	Count
Members	15
Electees	14

- v. Average number of hours per person spent:

Participating	Organizing
0.5	0.5

2. Project Evaluation

i. General Description

This was the first General Body Meeting of the Fall 2023 semester in which officers provided information to both members and initiates. For the active members officers went over information pertaining to upcoming events as well as addressed seniors graduating in December. The initiates were further introduced to the initiation process and important initiation events.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This aligns with the objectives of Tau Beta Pi as we were organizing our chapter in order to promote a successful year in events that address each of the project areas.

iii. Organization and Administration

Each officer prepared a slide in order to discuss important information or events pertaining to their responsibilities. At the end of the meeting the officers took questions and cleared up any confusions.

iv. Total Cost

\$67.76

v. Cost Breakdown

This cost is associated to the pizza bought for the GBM. There was definitely enough participants that was proportional to the amount of pizza ordered.

vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, this project was successful since we were able to have a great turnout in participants and were able to discuss all important reminders and upcoming events for the semester.

11 MPR Recruiting

Maryland Beta

1. Project Information

i. Date(s): 09/26/23

ii. New/Recurring Project: New

iii. Project Areas:

- Custom
- Community/Liberal Culture
- University/College
- Profession/Engineering
- Chapter/Social
- Education/Professional Development
- K-12 STEM

iv. Number of persons who participated:

Category	Count
Members	4
Electees	8

v. Average number of hours per person spent:

Participating	Organizing
0.1	1.5

2. Project Evaluation

i. General Description

A MPR recruiter came to talk to our chapter about the company MPR as well as offered career tips and some examples of the work that the recruiter was involved in.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project fits under the profession/engineering area because the project goal was to help prepare us for our next step into future careers in the engineering profession.

iii. Organization and Administration

The recruiter reached out to our chapter and the officers then planned the date and time for the event as well as booked the room in which it would take place. The event was successful and everything went according to plan.

iv. Total Cost

\$0.0

v. Cost Breakdown

vi. Special Problems Encountered

vii. **Overall Evaluation**

Overall, the project went according to plan as there was a decent turn out and were able to learn valuable information for our future.

12 UMD v Indiana Concessions

Maryland Beta

1. Project Information

- i. Date(s): 09/30/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Fundraising
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	4
Electees	3

- v. Average number of hours per person spent:

Participating	Organizing
0.3	6.5

2. Project Evaluation

i. General Description

Fundraising event through UMD football concessions. For each event, 6 of our members need to volunteer to work at a food stand to provide service during UMD's football season as a requirement of their membership to our chapter. The first three hours of participation involved setting up and preparing while the final three hours consisted of serving and interacting with customers. UMD pays TBP for running these concession stands, and these kinds of events serve as the primary source of funding for our chapter.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

Football concessions are our main source of fundraising and is required to keep the organization running.

iii. Organization and Administration

Our president coordinated the members who would be volunteering at the event as well as acted as the group leader during service.

iv. Total Cost

\$0.0

v. **Cost Breakdown**

No monetary cost was needed but required 6 members to volunteer 6 hours of their time.

vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

The chapter matched the goals from the project plan. By participating in concessions, our chapter was able to help raise funds needed to keep it active.

13 Officer Meeting

Maryland Beta

1. Project Information

- i. Date(s): 10/04/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Officer Meetings
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	8
Electees	0

- v. Average number of hours per person spent:

Participating	Organizing
0.1	0.5

2. Project Evaluation

- i. **General Description**

Each officer discussed what needs to be done this week in order to prepare for upcoming events as well as some house keeping items like the lounge and who will be able to fill roles for these advancing events.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project was beneficial to the mission of Tau Beta Pi because we need to spend time planning and organizing different events to uphold this mission.
- iii. **Organization and Administration**

Each officer prepared questions and concerns to address during the meeting which allowed everything to go according to plan.
- iv. **Total Cost**

\$0.0
- v. **Cost Breakdown**
- vi. **Special Problems Encountered**

vii. **Overall Evaluation**

Overall, the project went well as each officer was able to get their questions and concerns answered and we were able to ensure everyone was updated on upcoming events.

14 Bent Shining BBQ

Maryland Beta

1. Project Information

- i. Date(s): 10/07/23
- ii. New/Recurring Project: New
- iii. Project Areas:
 - Initiation
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	10
Electees	6

- v. Average number of hours per person spent:

Participating	Organizing
0.1	1.0

2. Project Evaluation

- i. **General Description**

The electees and member came outside Glenn L. Martin Hall on our campus to have a BBQ while also having the electee class help clean and polish the Bent statue outside the building.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

The purpose of this project was to get more involved with the electee class while also making sure to talk to them about different things to look forward to if they decide to be a member.
- iii. **Organization and Administration**

The officers helped with planning the event by figuring out the day the BBQ would be ensuring that the weather was acceptable as well as organizing the sign up and structure of the event. They also ensured that food was ordered and delivered on time for the event.
- iv. **Total Cost**

\$52.19
- v. **Cost Breakdown**

These costs came from the food purchased for the project which was Chick-fil-A.
- vi. **Special Problems Encountered**

vii. **Overall Evaluation**

Overall, the project was a success as we were able to have a great turnout for the initiates as well as members. This project also offered time for the initiates and members to get to know each other more.

15 Mentor Meetings

Maryland Beta

1. Project Information

- i. Date(s): 10/11/23 - 11/05/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	8
Electees	0

- v. Average number of hours per person spent:

Participating	Organizing
0.1	0.3

2. Project Evaluation

i. General Description

Multiple members and officers within our chapter signed up to be mentors for the electee class. In order to be a resource to the electees each mentor would hold two meetings with the electee to answer any questions or concerns the electee may have regarding the upcoming events or about the Honor Society in general.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This relates to the mission of our chapter because in order for our chapter to continue growing and stay present as different classes graduate is to ensure electees are selected every semester and are excited to join.

iii. Organization and Administration

The initiation chair of our chapter sent out information regarding the mentor meetings in which members were able to sign up to be a mentor for the electee class.

iv. Total Cost

\$0.0

v. Cost Breakdown

vi. **Special Problems Encountered**

vii. **Overall Evaluation**

Overall, this project went as plan as each mentor was able to resolve any questions or concerns of the electees.

16 UMD v Illinois Concessions

Maryland Beta

1. Project Information

- i. Date(s): 10/14/23

N/A

vii. **Overall Evaluation**

Overall, this project was a successful since we were able to have a great turnout in participants and were able to discuss all important reminders and upcoming events for the rest of the semester.

18 Custom Bent Party

Maryland Beta

1. Project Information

- i. Date(s): 10/19/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Initiation
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	2
Electees	9

- v. Average number of hours per person spent:

Participating	Organizing
0.1	0.5

2. Project Evaluation

- i. **General Description**

Each electee created a bent in different creative ways and showed it off to other electees. Additionally the electees were able to continue to get to know each other better.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project helps with promoting more initiation classes that will ultimately keep our chapter active and growing.
- iii. **Organization and Administration**

The initiation chair helped organized a date that worked best for the project and the electees all prepared a bent to show at the event.
- iv. **Total Cost**

\$0.0
- v. **Cost Breakdown**
- vi. **Special Problems Encountered**

N/A
- vii. **Overall Evaluation**

Overall, this project was successful since a majority of the initiates showed up and were able to continue to get to know each other.

19 TBP Games Social

Maryland Beta

1. Project Information

i. Date(s): 10/21/23

ii. New/Recurring Project: New

iii. Project Areas:

- Custom
- Community/Liberal Culture
- University/College
- Profession/Engineering
- Chapter/Social
- Education/Professional Development
- K-12 STEM

iv. Number of persons who participated:

Category	Count
Members	6
Electees	4

v. Average number of hours per person spent:

Participating	Organizing
0.2	2.0

2. Project Evaluation

i. General Description

Both members and electees gathered within a classroom in Glenn L. Martin Hall at University of Maryland in order to play different video games and board games. This allowed for the chance to meet more people within the chapter and create stronger connections with each other.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This event relates to the social project area since it allowed for each member and electee to get more involved in the chapter on a social level by interacting with others within the chapter.

iii. Organization and Administration

The social chair organized a timeframe that worked best for most individuals during the week-ends and scheduled a classroom to use to hold the event. Additionally, the social chair made announcements for the event along with the other officers.

iv. Total Cost

\$77.0

v. Cost Breakdown

This cost came from the purchase of food for the event through Little Blue Menu. The food that was purchased was proportional to the amount of people that came.

vi. **Special Problems Encountered**

vii. **Overall Evaluation**

Overall, this project was a success as there was a decent turnout for the number of games and food available. Additionally, individuals within the chapter got to spend more time with one another.

20 Arboretum Event 1

Maryland Beta

1. Project Information

- i. Date(s): 10/27/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Electees	6

- v. Average number of hours per person spent:

Participating	Organizing
0.7	1.5

2. Project Evaluation

- i. **General Description**

Individuals within our chapter helped clean up parts of our campus at the University of Maryland in conjunction with the Arboretum Outreach Center. Throughout the event our chapter helped with removing some invasive plants and weeds from some areas of the campus's property.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project aligns with the community service project area as our chapter helped with cleaning our campus therefore bettering the community around us as students at the University of Maryland.
- iii. **Organization and Administration**

The community service chair of our chapter organized with the Arboretum Outreach Center for members within our chapter to help with their organization to clean up the plant life on campus.
- iv. **In Conjunction With**

Arboretum Outreach Center
- v. **Total Cost**

\$0.0
- vi. **Cost Breakdown**

vii. **Special Problems Encountered**

During the event the outside temperature increased quite a bit so the supervisor of the event had to end it thirty minutes early.

viii. **Overall Evaluation**

Overall, the project went well as there was a good amount of people you came out to help clean up campus.

3. **Additional Attachments**

Figure 5:

21 Officer Meeting (2)

Maryland Beta

1. Project Information

- i. Date(s): 11/01/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Officer Meetings
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	9
Electees	0

- v. Average number of hours per person spent:

Participating	Organizing
0.2	1.0

2. Project Evaluation

- i. **General Description**

Each officer discussed what needs to be done this week in order to prepare for upcoming events as well as some house keeping items like reports and who will be able to fill roles for these advancing events.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project was beneficial to the mission of Tau Beta Pi because we need to spend time planning and organizing different events to uphold this mission.
- iii. **Organization and Administration**

Each officer prepared questions and concerns to address during the meeting which allowed everything to go according to plan.
- iv. **Total Cost**

\$0.0
- v. **Cost Breakdown**
- vi. **Special Problems Encountered**

vii. **Overall Evaluation**

Overall, the project went well as each officer was able to get their questions and concerns answered and we were able to ensure everyone was updated on upcoming events. Additionally, we were able to complete some upcoming reports.

22 UMD v Penn State Concessions

Maryland Beta

1. Project Information

- i. Date(s): 11/04/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Fundraising
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM

- iv. Number of persons who participated:

Category	Count
Members	4
Electees	5

- v. Average number of hours per person spent:

Participating	Organizing
0.2	6.5

2. Project Evaluation

i. General Description

Fundraising event through UMD football concessions. For each event, 6 of our members need to volunteer to work at a food stand to provide service during UMD's football season as a requirement of their membership to our chapter. The first three hours of participation involved setting up and preparing while the final three hours consisted of serving and interacting with customers. UMD pays TBP for running these concession stands, and these kinds of events serve as the primary source of funding for our chapter.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

Football concessions are our main source of fundraising and is required to keep the organization running.

iii. Organization and Administration

Our president coordinated the members who would be volunteering at the event and another officer acted as the group leader during service.

iv. Total Cost

\$0.0

v. Cost Breakdown

No monetary cost was needed but required 6 members to volunteer 6 hours of their time.

vi. **Special Problems Encountered**

vii. **Overall Evaluation**

The chapter matched the goals from the project plan. By participating in concessions, our chapter was able to help raise funds needed to keep it active.

23 GBM 3

Maryland Beta

1. Project Information

- i. Date(s): 11/08/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - GBM
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM

- iv. Number of persons who participated:

Category	Count
Members	15
Electees	10

- v. Average number of hours per person spent:

Participating	Organizing
0.2	0.5

2. Project Evaluation

i. General Description

This was the third General Body Meeting of the Fall 2023 semester in which officers provided information to both members and initiates. For the active members, officers went over information pertaining to upcoming events as well as addressed seniors graduating in December. The initiates were further introduced to the initiation process and important initiation events.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This aligns with the objectives of Tau Beta Pi as we were organizing our chapter in order to promote a successful year in events that address each of the project areas.

iii. Organization and Administration

Each officer prepared a slide in order to discuss important information or events pertaining to their responsibilities. At the end of the meeting the officers took questions and cleared up any confusions.

iv. Total Cost

\$59.29

v. Cost Breakdown

This cost is associated to the pizza bought for the GBM. There was definitely enough participants that was proportional to the amount of pizza ordered.

vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, this project was a successful since we were able to have a great turnout in participants and were able to discuss all important reminders and upcoming events for the rest of the semester.

24 TBP Bowling

Maryland Beta

1. Project Information

i. Date(s): 11/11/23

ii. New/Recurring Project: New

iii. Project Areas:

- Custom
- Community/Liberal Culture
- University/College
- Profession/Engineering
- Chapter/Social
- Education/Professional Development
- K-12 STEM

iv. Number of persons who participated:

Category	Count
Members	4
Electees	4

v. Average number of hours per person spent:

Participating	Organizing
0.3	1.0

2. Project Evaluation

i. General Description

Both members and electees got to meet at Terpzone on the UMD campus to go bowling which allowed everyone to bond and get to know each other more.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project relates to the social project area since members and electees were able to socialize and have fun together further bonding these individuals.

iii. Organization and Administration

The social chair planned and organized the event at Terpzone and well as communicated with the treasurer to ensure the amount of funds for the semester for social events.

iv. Total Cost

\$90.08

v. Cost Breakdown

This total cost includes the cost of a bowling lane as well as the cost for the food and drinks purchased.

vi. Special Problems Encountered

N/A

vii. **Overall Evaluation**

Overall, the project was a success as there was a great turn out for the bowling lane purchased and allowed for more time for the initiates to meet the members of our chapter in a social setting.

25 Lounge Clean-Up

Maryland Beta

1. Project Information

- i. Date(s): 11/16/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	6
Electees	2

- v. Average number of hours per person spent:

Participating	Organizing
0.1	1.5

2. Project Evaluation

i. General Description

Individuals within our chapter gathered at the lounge we have within Glenn L. Martin Hall at our campus to help clean the room. In order to return it back to its original clean state we organized items, vacuumed, and threw away trash. Additionally, we had decorations up for October and Halloween so we took those down and replaced them with winter decoration and homemade snowflakes.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project fits within the community and social project areas since this lounge is something that almost everyone in the chapter uses between classes or after classes to get work done, grab a snack, or interact with other members. This all means that it is important to clean up our space because it is a part of our community as a chapter.

iii. Organization and Administration

The chapter's lounge chair and social chair organized the events with the members and electees to find a time that worked best for everyone and created a list of tasks that needed to be done to ensure that the lounge was returned to its clean state.

iv. Total Cost

\$0.0

v. **Cost Breakdown**

vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, the project was a success since we were able get a good turn out of people and returned the lounge to its original clean state as well as make it festive for the winter season.

28 Initiation Ceremony & Banquet

Maryland Beta

1. Project Information

- i. Date(s): 12/01/23
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	10
Electees	14

- v. Average number of hours per person spent:

Participating	Organizing
0.5	2.0

2. Project Evaluation

- i. **General Description**

Electees gathered for the initiation ceremony in which officers and member helped to run. While the ceremony was going on other officers and members helped set up the banquet and once the ceremony was finished electees now members gathered to socialize and have food.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This initiation ceremony is an extremely important part of Tau Beta Pi as it the final piece of the initiation process and allows electees to finally become members of the honor society.
- iii. **Organization and Administration**

The President and the Vice President helped with coordinating the initiation and gathering members to help out. Other officers volunteered to either help with setting up the banquet or running the ceremony with the initiates.
- iv. **Total Cost**

\$382.49
- v. **Cost Breakdown**

This was the cost for Chipotle and drinks for the banquet after the initiation ceremony.
- vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall everything went to plan as every electee attended and there was enough members to help out with running the ceremony and setting up the banquet. Additionally, there was enough food for everyone.

29 Holiday Cards for Children's Hospital

Maryland Beta

1. Project Information

- i. Date(s): 12/07/23
- ii. New/Recurring Project: New
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social

Category	Count
Members	5
Electees	2

- v. Average number of hours per person spent:

Participating	Organizing
0.3	2.0

2. Project Evaluation

- i. **General Description**

Within our chapter's lounge in Glenn L. Martin hall both members and electees made holiday cards to help support children and their families at children's hospitals around the area.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project supports the community service project area since the cards that were made had the purpose of boosting holiday cheer within multiple children hospitals.
- iii. **Organization and Administration**

The community service chair arranged the drop off of the cards with the various children's hospitals and ensured that all the materials required to make the cards could be found in the lounge or were provided. Additionally, this officer determined a timeframe to best meet those of the chapter to make the cards.
- iv. **Total Cost**

\$0.0
- v. **Cost Breakdown**

N/A
- vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, the project was a success since multiple holiday cards were completed that were sent to multiple children's hospital around the area.

2. Project Evaluation

i. General Description

Each officer discussed what needs to be done this week in order to prepare for upcoming events.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project was beneficial to the mission of Tau Beta Pi because we need to spend time planning and organizing different events to uphold this mission.

iii. Organization and Administration

Each officer prepared questions and concerns to address during the meeting which allowed everything to go according to plan.

iv. Total Cost

\$0.0

v. Cost Breakdown

N/A

vi. Special Problems Encountered

N/A

vii. Overall Evaluation

Overall, the project went well as each officer was able to get their questions and concerns answered and we were able to ensure everyone was updated on upcoming events.

31 Movie Night

Maryland Beta

1. Project Information

i. Date(s): 02/03/24

ii. New/Recurring Project: New

iii. Project Areas:

- Custom
- Community/Liberal Culture
- University/College
- Profession/Engineering
- Chapter/Social
- Education/Professional Development
- K-12 STEM

iv. Number of persons who participated:

Category	Count
Members	7
Electees	0

v. Average number of hours per person spent:

Participating	Organizing
0.2	2.0

2. Project Evaluation

i. General Description

Members of our chapter reserved an empty classroom in order to have a movie night to kick off the beginning of the spring semester.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project best relates to the social project area since the main goal of the event was to bring members together after winter break to start off the spring semester.

iii. Organization and Administration

The social chair coordinated reserving an empty classroom for the event, ordered the food, and determined the movie that would be played during the movie night.

iv. Total Cost

\$71.54

v. Cost Breakdown

This cost was allocated to the purchase of food for the movie night including Potbelly sandwiches.

vi. Special Problems Encountered

N/A

vii. **Overall Evaluation**

Overall, the project went well and according to plan, however, we hope to have an increase in participants for the following social events this semester.

32 First Look Meeting

Maryland Beta

1. Project Information

- i. Date(s): 02/07/24
- ii. New/Recurring Project: New
- iii. Project Areas:
 - Initiation
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	7
Electees	29

- v. Average number of hours per person spent:

Participating	Organizing
0.1	0.5

2. Project Evaluation

i. General Description

This project was aimed to get the possible initiates interested into joining Tau Beta Pi as well as provide them information about what our chapter does and what to look forward to via a presentation. We were able to get a good turn out on the amount of student that came and hope to be able to initiate a fair amount of them this semester.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project tied into the University project area as our hope was to encourage students who received their invitation or may receive an invitation in the future to join in order to grow our chapter. We hope that by having more connections with students we can become more well known at the University.

iii. Organization and Administration

One officer led the meeting in which they presented a slide show discussing all of the different aspects of Tau Beta Pi as well as information on the initiation process.

iv. Total Cost

\$67.76

v. **Cost Breakdown**

This cost was in relation to getting pizza for this project. The amount was adequate since there were enough participants to meet the plan for the project.

vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, the project was a success as we were able to get a good amount of students to join the meeting and hope to have them join Tau Beta Pi.

33 Second Look Fair

Maryland Beta

1. Project Information

i. Date(s): 02/08/24

ii. New/Recurring Project: New

iii. Project Areas:

- Custom
- Community/Liberal Culture
- University/College
- Profession/Engineering
- Chapter/Social
- Education/Professional Development
- K-12 STEM

iv. Number of persons who participated:

Category	Count
Members	6
Electees	0

v. Average number of hours per person spent:

Participating	Organizing
0.5	5.5

2. Project Evaluation

i. General Description

Tabled at the Second Look Fair in which we talked to engineering students of all years about Tau Beta Pi. The hope with this project was to spread awareness about our presence on the campus and encourage other students to join if they meet the eligibility requirements. In addition to talking to students, we also handed out flyers and bookmarks that talked about Tau Beta Pi.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project tied into the University project area as our hope was to encourage students who received their invitation or may receive an invitation in the future to join in order to grow our chapter. We hope that by having more connections with students we can become more well known at the University.

iii. Organization and Administration

The president and vice president led the project as well as organized our space at the event. Other officers helped set up and took turns being behind the table to let students know more about Tau Beta Pi. The turnout of the event was decent, so our expectations of the project were exceeded as we were able to interact with a fair amount of students.

iv. Total Cost

\$0.0

v. **Cost Breakdown**

We needed at least one person to be at the table at all times

vi. **Special Problems Encountered**

n/a

vii. **Overall Evaluation**

Overall, this project was successful as we were able to reach our goal of getting more students informed about Tau Beta Pi. However, to have an even better turn out the chapter plans to find more ways to make are presence while tabling more apparent. Possibly different flyers/give aways and a trifold to display information. With the implementation of these aspects it may be possible to attract even more students.

34 Looney's Happy Hour

Maryland Beta

Members	8
Electees	2

- v. Average number of hours per person spent:

Participating	Organizing
0.2	2.0

2. Project Evaluation

- i. **General Description**

Members and electees of our chapter met at Looney's to share appetizers and get a chance to socialize among members as well as meet the incoming electees for the semester.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project aligns with the social project area since the goal was to continue socialization within the chapter as well as socialize with the incoming electees.
- iii. **Organization and Administration**

The social chair organized the event by getting the word out to the chapter while also ensuring to get to Looney's early in order to get a table for the group.
- iv. **Total Cost**

\$60.11
- v. **Cost Breakdown**

This cost is associated with the purchase of appetizers at Looney's to share with the individuals who attended the event.
- vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, the project was a success since we had a decent turn out of people and were able to meet some of the new electees. In the future we hope to have more electees at our upcoming events.

35 Donut Social

Maryland Beta

1. Project Information

 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	6
Electees	12

- v. Average number of hours per person spent:

Participating	Organizing
0.5	0.5

2. Project Evaluation

- i. **General Description**

Members and electees met within the lounge for a donut social in order to introduce ourselves to each other. Additionally, officers/members shared information about different aspects of the initiation process to the new electees.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project fits within the social objective as the goal was to meet the new electees and get to know more about them as well as inform them about aspects of the initiation process.
- iii. **Organization and Administration**

Three officers led this project each were in charge of specific aspects including the sign-up form, purchasing the donuts, and tracking member attendance.
- iv. **Total Cost**

\$20.0
- v. **Cost Breakdown**

This amount was used to fund the purchase of donuts for the project. There was a good turn out in participants and was in proportion to the amount of donuts bought.
- vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, everything went according to plan since we were able to get the ice cream in a timely matter as well as get a good amount of participants to show up at the event.

Members	11
Electees	16

- v. Average number of hours per person spent:

Participating	Organizing
0.1	0.5

2. Project Evaluation

i. General Description

Multiple members and officers within our chapter signed up to be mentors for the electee class. In order to be a resource to the electees each mentor would hold two meetings with the electee to answer any questions or concerns the electee may have regarding the upcoming events or about the Honor Society in general.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This relates to the mission of our chapter because in order for our chapter to continue growing and stay present as different classes graduate is to ensure electees are selected every semester and are excited to join.

iii. Organization and Administration

The initiation chair of our chapter sent out information regarding the mentor meetings in which members were able to sign up to be a mentor for the electee class.

iv. Total Cost

\$0.0

v. Cost Breakdown

N/A

vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, this project went as plan as each mentor was able to resolve any questions or concerns of the electees.

38 Officer Meeting (DUPLICATE)

Maryland Beta

1. Project Information

- i. Date(s): 03/06/24
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Officer Meetings
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM

- iv. Number of persons who participated:

Category	Count
Members	6
Electees	0

- v. Average number of hours per person spent:

Participating	Organizing
0.1	0.5

2. Project Evaluation

i. General Description

Each officer discussed what needs to be done this week in order to prepare for upcoming events.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project was beneficial to the mission of Tau Beta Pi because we need to spend time planning and organizing different events to uphold this mission.

iii. Organization and Administration

Each officer prepared questions and concerns to address during the meeting which allowed everything to go according to plan.

iv. Total Cost

\$0.0

v. Cost Breakdown

N/A

vi. Special Problems Encountered

N/A

vii. Overall Evaluation

Overall, the project went well as each officer was able to get their questions and concerns answered and we were able to ensure everyone was updated on upcoming events.

39 Poker Night

Maryland Beta

1. Project Information

i. Date(s): 03/09/24

ii. New/Recurring Project: New

iii. Project Areas:

- Custom
- Community/Liberal Culture
- University/College
- Profession/Engineering
- Chapter/Social
- Education/Professional Development
- K-12 STEM

iv. Number of persons who participated:

Category	Count
Members	5
Electees	5

v. Average number of hours per person spent:

Participating	Organizing
0.2	1.5

2. Project Evaluation

i. General Description

Members and electees within our chapter met up within our lounge in Glenn L. Martin Hall to play a couple rounds of poker for a chance to win prizes.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project falls within the social project area as the event was designed to get the members and electees to get to know each other more and have fun together.

iii. Organization and Administration

The social chair planned the event by deciding on a date that worked for individuals the most. Also, the social chair ordered the pizza and prizes to be given out during the event.

iv. Total Cost

\$75.48

v. Cost Breakdown

This is cost associated with the purchase of pizza and the prizes for the event for individuals who won a particular game.

vi. Special Problems Encountered

N/A

vii. **Overall Evaluation**

Overall, the project was a success as there was a good turn out of people and individuals were requested for it to be offered again in a following semester. It also gave members and electees a chance to meet each other and get to know everyone more.

40 Care Packages for Local Homeless Shelters

Maryland Beta

1. Project Information

- i. Date(s): 03/12/24
- ii. New/Recurring Project: New
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	4
Electees	4

- v. Average number of hours per person spent:

Participating	Organizing
0.5	0.5

2. Project Evaluation

- i. **General Description**

Members and electees in our chapter gathered in the lounge to assemble care packages for local homeless shelters.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project falls into the community service project area since these packages are going to local homeless shelters to hopefully make a positive impact in our community.
- iii. **Organization and Administration**

The social chair arranged for the drop off of the care packages and also gathered all the materials for the care packages that were listed from the homeless shelters. Additionally, the social chair organized the event in the lounge by finding a time that worked for individuals in our chapter.
- iv. **Total Cost**

\$113.87
- v. **Cost Breakdown**

This cost is associated with the supplies for the care packages including the tissues, hand sanitizing wipes, toothbrushes, toothpaste, bags, and deodorant.
- vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, the project was a success since there was a good amount of people who showed up and were able to assemble the care packages fairly quickly.

41 Custom Bent Party

Maryland Beta

1. Project Information

- i. Date(s): 03/13/24
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Initiation
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM

- iv. Number of persons who participated:

Category	Count
Electees	10

- v. Average number of hours per person spent:

Participating	Organizing
0.1	0.5

2. Project Evaluation

i. General Description

Each electee created a bent in different creative ways and showed it off to other electees. Additionally the electees were able to continue to get to know each other better.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project helps with promoting more initiation classes that will ultimately keep our chapter active and growing.

iii. Organization and Administration

The initiation chair helped organized a date that worked best for the project and the electees all prepared a bent to show at the event.

iv. Total Cost

\$0.0

v. Cost Breakdown

vi. Special Problems Encountered

N/A

vii. Overall Evaluation

Overall, this project was successful since a majority of the initiates showed up and were able to continue to get to know each other.

42 Professional Headshots/Group Photo

Maryland Beta

1. Project Information

- i. Date(s): 03/20/24
- ii. New/Recurring Project: New
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	23
Electees	14

- v. Average number of hours per person spent:

Participating	Organizing
0.5	1.0

2. Project Evaluation

- i. **General Description**

Member and initiates of our chapter gathered to take professional photos both headshots and a group photo.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project relates to the profession project area since these headshots could be used for professional use for internships, future jobs, etc.
- iii. **Organization and Administration**

The social chair got in contact with a family member with a camera to take the group photos for the event and headshots for anyone who wanted one.
- iv. **Total Cost**

\$0.0
- v. **Cost Breakdown**

N/A
- vi. **Special Problems Encountered**

N/A
- vii. **Overall Evaluation**

Overall, the project was a success since there was a good turn out and individuals who wanted a headshot were able to obtain one for future professional or personal use.

43 GBM 2 - Spring 24

Maryland Beta

1. Project Information

- i. Date(s): 03/27/24
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - GBM
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM

- iv. Number of persons who participated:

Category	Count
Members	25
Electees	9

- v. Average number of hours per person spent:

Participating	Organizing
0.5	0.5

2. Project Evaluation

i. General Description

This was the second General Body Meeting of the Spring 2024 semester in which officers provided information to both members and initiates. For the active members officers went over information pertaining to upcoming events as well as addressed seniors graduating in May. The initiates were further introduced to the initiation process and important initiation events.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This aligns with the objectives of Tau Beta Pi as we were organizing our chapter in order to promote a successful year in events that address each of the project areas.

iii. Organization and Administration

Each officer prepared a slide in order to discuss important information or events pertaining to their responsibilities. At the end of the meeting the officers took questions and cleared up any confusions.

iv. Total Cost

\$76.22

v. Cost Breakdown

This cost is associated to the pizza bought for the GBM. There was definitely enough participants that was proportional to the amount of pizza ordered.

vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, this project was successful since we were able to have a great turnout in participants and were able to discuss all important reminders and upcoming events for the semester.

44 Arboretum Event

Maryland Beta

1. Project Information

- i. Date(s): 03/30/24
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	3
Electees	9

- v. Average number of hours per person spent:

Participating	Organizing
0.2	2.0

2. Project Evaluation

i. General Description

Individuals within our chapter helped clean up parts of our campus at the University of Maryland in conjunction with the Arboretum Outreach Center. Throughout the event our chapter helped with removing some invasive plants and weeds from some areas of the campus's property.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project aligns with the community service project area as our chapter helped with cleaning our campus therefore bettering the community around us as students at the University of Maryland.

iii. Organization and Administration

The community service chair of our chapter organized with the Arboretum Outreach Center for members within our chapter to help with their organization to clean up the plant life on campus.

iv. In Conjunction With

Arboretum Outreach Center

v. Total Cost

\$0.0

vi. **Cost Breakdown**

vii. **Special Problems Encountered**

viii. **Overall Evaluation**

Overall, the project went well as there was a good amount of people you came out to help clean up campus.

45 Lounge Clean-Up

Maryland Beta

1. Project Information

- i. Date(s): 04/03/24
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM

iv. Number of persons who participated:

Category	Count
Members	9
Electees	2

v. Average number of hours per person spent:

Participating	Organizing
0.1	1.5

2. Project Evaluation

i. General Description

Individuals within our chapter gathered at the lounge we have within Glenn L. Martin Hall at our campus to help clean the room. In order to return it back to its original clean state we organized items, vacuumed, and threw away trash. Additionally, we had decorations up for winter so we took those down.

ii. Purpose and Relationship to Objectives of Tau Beta Pi

This project fits within the community and social project areas since this lounge is something that almost everyone in the chapter uses between classes or after classes to get work done, grab a snack, or interact with other members. This all means that it is important to clean up our space because it is a part of our community as a chapter.

iii. Organization and Administration

The chapter's community service chair organized the event with the members and electees to find a time that worked best for everyone and created a list of tasks that needed to be done to ensure that the lounge was returned to its clean state.

iv. Total Cost

\$0.0

v. **Cost Breakdown**

vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall, the project was a success since we were able get a good turn out of people and returned the lounge to its original clean state.

46 D4 Conference

Maryland Beta

1. Project Information

- i. Date(s): 04/06/24
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	6
Electees	0

- v. Average number of hours per person spent:

Participating	Organizing
4.0	10.0

2. Project Evaluation

- i. **General Description**

Individuals from other chapters gathered at the University of Maryland, College Park to attend the D4 Conference which allowed for individuals to meet people from other chapters. Additionally, Dean Graham at the University of Maryland gave a talk about power and AI. Throughout the rest of the conference district directors talked about what each chapter needed to do each year.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This project falls under multiple project areas, including chapter, social, engineering, and university because it was an event that allowed individuals from other chapters a chance to meet each other while also allowing time to get important information from both our University and district directors.
- iii. **Organization and Administration**

Several officers within our chapter helped planned the conference along with one of our chapter's advisors and other district directors. This included booking hotel rooms, planning food, and organizing different talks that occurred during the conference.
- iv. **In Conjunction With**

Other district 4 Tau Beta Pi Chapters

v. **Total Cost**

\$0.0

vi. **Cost Breakdown**

N/A

vii. **Special Problems Encountered**

The room that was originally scheduled for the conference was disrupted by another event happening so we had to move to another room.

viii. **Overall Evaluation**

Overall, the conference was a success as we were able to meet other chapters within the district and also got valuable information from different speakers at the event.

47 Bent Shining BBQ

Maryland Beta

1. Project Information

- i. Date(s): 04/13/24
- ii. New/Recurring Project: New
- iii. Project Areas:
 - Initiation
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	11
Electees	10

- v. Average number of hours per person spent:

Participating	Organizing
0.1	1.0

2. Project Evaluation

- i. **General Description**

The electees and member came outside Glenn L. Martin Hall on our campus to have a BBQ while also having the electee class help clean and polish the Bent statue outside the building.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

The purpose of this project was to get more involved with the electee class while also making sure to talk to them about different things to look forward to if they decide to be a member.
- iii. **Organization and Administration**

The officers helped with planning the event by figuring out the day the BBQ would be ensuring that the weather was acceptable as well as organizing the sign up and structure of the event. They also ensured that food was ordered and delivered on time for the event.
- iv. **Total Cost**

\$126.13
- v. **Cost Breakdown**

These costs came from the food and grill tools purchased for the project.
- vi. **Special Problems Encountered**

vii. **Overall Evaluation**

Overall, the project was a success as we were able to have a great turnout for the initiates as well as members. This project also offered time for the initiates and members to get to know each other more.

- iv. Number of persons who participated:

Category	Count
Members	18
Electees	18

- v. Average number of hours per person spent:

Participating	Organizing
0.5	2.0

2. Project Evaluation

- i. **General Description**

Electees gathered for the initiation ceremony in which officers and member helped to run. While the ceremony was going on other officers and members helped set up the banquet and once the ceremony was finished electees now members gathered to socialize and have food.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This initiation ceremony is an extremely important part of Tau Beta Pi as it the final piece of the initiation process and allows electees to finally become members of the honor society.
- iii. **Organization and Administration**

The President and the Vice President helped with coordinating the initiation and gathering members to help out. Other officers volunteered to either help with setting up the banquet or running the ceremony with the initiates.
- iv. **Total Cost**

\$452.56
- v. **Cost Breakdown**

This was the cost for Chipotle and drinks for the banquet after the initiation ceremony.
- vi. **Special Problems Encountered**

N/A

vii. **Overall Evaluation**

Overall everything went to plan as every electee attended and there was enough members to help out with running the ceremony and setting up the banquet. Additionally, there was enough food for everyone.

54 Maryland Day

Maryland Beta

1. Project Information

- i. Date(s): 04/27/24
- ii. New/Recurring Project: Recurring
- iii. Project Areas:
 - Custom
 - Community/Liberal Culture
 - University/College
 - Profession/Engineering
 - Chapter/Social
 - Education/Professional Development
 - K-12 STEM
- iv. Number of persons who participated:

Category	Count
Members	10
Electees	2

- v. Average number of hours per person spent:

Participating	Organizing
1.0	6.0

2. Project Evaluation

- i. **General Description**

Maryland Day is a day where UMD hosts a carnival where different departments, clubs and UMD affiliated organizations celebrate the spirit of Maryland. TBP had a table to partake in this spirit and spread the word about TBP. Individuals from our chapter helping at the event also helped children build catapults and tin boats.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This connects with the University and community project area since we were spreading the word about TBP to a larger group of people via Maryland Day while also being able to help children complete a fun project.
- iii. **Organization and Administration**

Officers of our chapter helped coordinate with the school to have a table at the event and also set up a sign up sheet for members and electees to help out at the event.
- iv. **In Conjunction With**

University of Maryland
- v. **Total Cost**

\$0.0

vi. **Cost Breakdown**

N/A

vii. **Special Problems Encountered**

N/A

viii. **Overall Evaluation**

Overall, the project was a success since we managed to reach out to a large number of prospective members and interact with the community as well.
