DESCRIPTION:
I. General Description: Tau Beta Pi participated in the national Make A Difference Day event, completing a one-day community service project at an assigned location.

II. Purpose & Relationship to Objectives of TBP: The purpose was to contribute to TBP’s goal of being an active force in the local community.

III. Organization & Administration: (in conjunction with another group?) Yes No

Coordination of this event was provided by Michigan Tech Student Activities. TBP registered as a participating organization. This year, 569 students from 76 student organizations volunteered at 47 different service sites.

IV. Cost & Personnel Requirements: none

V. Special Problems: This year brought up the issue of determining whether members could participate in the event with another organization and still have it count towards their event requirements for TBP. The officer board decided to reject this request and require that members participate in the TBP group in order for the event to count.

VI. Overall Evaluation/Results (Be Specific): Due to its past success, this event has become a recurring event for TBP. Regular member attendance has increased from previous years.
