**Chapter Goals and Summary**

Tau Beta Pi’s Michigan Kappa chapter accomplished its high goals during the 2015-2016 Academic year. In August, 2015 the newly elected executive board discussed chapter difficulties and set goals for the year ahead. The board decided to focus on increasing TBP awareness outside of the engineering college, developing annual programs, and increasing membership participation. The board recognized a large gap in the transition of leadership positions and believed that raising awareness and creating repeatable programs would help close this gap.

Michigan Kappa was able to accomplish its goals by building a better foundation for the chapter. The chapter increased awareness by attending several on campus fairs and creating a new website to compliment the current Facebook page. Two bi-annual and two annual programs were created and successfully executed. The programs, which are documented below, are “Parkview Picture Day”, “Engineering Futures”, “Running with the Dean”, and “Pi-day Panel”. Furthermore, these new programs encouraged member participation and increased motivation to help throughout the chapter. Several more projects were pursued and information was gathered in hopes to execute in years to come.

**Note:** If a topic is marked as (New) in the activity name on the project report then it is an activity not previously attempted before; else it has been done before in our past.

**Membership Timeline**

Hours spent on this project:  
Organizing: 40  Participating: 1

DESCRIPTION:

I. General Description: Over the course of the semester, we created a committee to overhaul our existing chapter website. Luis and Zach (members) worked closely with Erika (VP) and Dr. Miller (Chief Advisor) to determine the best content our chapter site needed. This included having a place to showcase our great projects we have been doing throughout the semester, a “Why Join?” testimony, and officer spotlight to name a few.

II. Purpose & Relationship to Objectives of TBP: It was imperative to our chapter to update this website to give our members a point of reference that they deserve as well as serve as a good place to look for invited members to get a glimpse of what TBP is all about at WMU.

III. Organization & Administration: (in conjunction with another group?)  
__Yes  X No

IV. Cost & Personnel Requirements: 2 members took the lead, support from officers and chapter advisor. Using free website generation service.

V. Special Problems: None.

VI. Overall Evaluation/Results (Be Specific): Our members did an excellent job of giving our website a new look and it gives our chapter a much easier accessibility to all things Tau Beta Pi at WMU.

Welcome to the MI Kappa Chapter of Tau Beta Pi at Western Michigan University!

Tau Beta Pi is the most widely recognized engineering honor society that includes members from all engineering disciplines. Membership is based on demonstrated “integrity and excellence in engineering” [www.tau-beta.org]. Tau Beta Pi is a student run organization.

Tau Beta Pi is more than just an honor society. Service to the community and engineering profession are hallmarks of the organization. The MI Kappa Chapter of Tau Beta Pi is a very active chapter that emphasizes service to the local community and Western Michigan University.

Contact any of the officers or visit our chapter for more information.

New Website:
WHO WE ARE

WE ARE THE MICHIGAN KAPPA CHAPTER OF TAU BETA PI

As the only engineering honor society representing the entire engineering profession and the nation’s second oldest honor society, Tau Beta Pi recognizes engineering students of exemplary character and distinguished scholarship. There are student chapters at 242 US colleges and universities in addition to 39 active alumni chapters. This amounts to a total initiated membership of approximately 354,000.

The Michigan Kappa Chapter has XXI active student members headed by a panel of five officers. Michigan-Kappa alumni include successful engineers now employed across the nation in numerous sectors.

Membership in Tau Beta Pi is an extraordinary honor. Our members have access to countless resources to help further their professional careers. If you have any questions, please visit our “Why Join?” Page.

DESCRIPTION:

I. General Description: A shoe collection lead by Vice President Erika Fojtik was done to donate to children in need of shoes in the town of Suva, Fiji. Erika Fojtik did a 3 week long volunteer project in Fiji this summer to teach sports education in schools and saw a dire need for shoes among children pursuing sports activities. The shoe collection was opened up to the members of the chapter.

II. Purpose & Relationship to Objectives of TBP: The purpose of this collection was to expose the WMU chapter of TBP as a globally engaged society and further promote philanthropic activity throughout the entire member base.

III. Organization & Administration: (in conjunction with another group?)  X Yes   ___ No
The Green Lion of Fiji is a volunteer organization that works in schools to place volunteers from all over the country in projects such as Kindergarten Teaching, Computer lab expansion, Construction, and Sports Education.

IV. Cost & Personnel Requirements: None

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): The overall chapter participation was excellent with about 15 pairs of shoes being donated to the collection. Overall, with other collection sources, a total of over 100 shoes were collected for the cause to send back to Fiji.

VII. Index of Exhibits: See below.
Vice President, Erika Fojtik, playing sports with students in Fiji. Most kids in Fiji play sports without shoes.

Students in Fiji traced their feet to send back sizes they needed for shoes to collect.

DESCRIPTION:

I. General Description: This event was collecting and distributing usable pre-owned coats and jackets to those in the community that can benefit. TBP’s involvement was having members volunteer to help during the actual distribution event. This involved restocking the coat racks, helping recipients pick suitable coats, and lending a hand where needed.

II. Purpose & Relationship to Objectives of TBP: Helping with this event lets/encourages members of the organization to individually give a hand to the local community. Participation helps show TBP’s interest and involvement with community outside of academics and engineering.

III. Organization & Administration: (in conjunction with another group?) X Yes  No Salvation Army.

IV. Cost & Personnel Requirements: none

V. Special Problems: Running low on coats towards the end, but this is to be expected

VI. Overall Evaluation/Results (Be Specific): Very successful, as everybody was appreciative and it was rare for one to not find a suitable coat. Exact number of coats is unknown, but several hundred at least.

Chapter Project Report

Chapter: Mi - K
Project number: 25

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Pi-Day Panel Q&A (new)

Date(s) of Project: 3/16/16

Area: _ Community/Liberal Culture  _ University/College  _ Profession/Engineering

Area: _ Chapter/Social  X Education/Prof. Dev.

Number of persons who participated in this project
Members: 15/48  Electees: 0
(Please attach a list of names.)

Hours spent on this project:
Organizing: 30  Participating: 2

DESCRIPTION:

I. General Description: Our chapter hosted a Pi Day event where we brought in 6 engineers from local industry and had an open panel discussion over pie. These panelists were either Tau Beta Pi alumni or Western Michigan University Alumni but all very distinguished persons in their fields. The engineers came from industries such as Nissan (automotive), Stryker (medical devices), DTE Energy (energy), FEMA Corp. (hydraulics), Whirlpool (household appliances), and Dimplex Corp. (industrial chillers).

II. Purpose & Relationship to Objectives of TBP: With the purpose of following within our year long goal of adding more professional development opportunities for our chapter and our school, it was determined that bringing in these distinguished engineers for open discussion was a good idea for an event. Also, in celebration of Pi Day, our chapter enjoyed delicious pie, both store bought and homemade.

III. Organization & Administration: (in conjunction with another group?)  _Yes  X No

IV. Cost & Personnel Requirements: This event cost approximately $160.00 to run including the cost of pie and beverages. A committee of 4 persons organized this event from the ground up in just 2 short months.

V. Special Problems: Only suggestions for future would be name tags or name plates in front of the panelists for clarification. Other than that, the event went great with no problems!

VI. Overall Evaluation/Results (Be Specific): Based on the participant feedback, this was a very successful event. The discussion generated from the panel and audience was very helpful.
and meaningful and both the panelists and audience walked away from the event with a
gained knowledge of wisdom or a new connection. Over 45 people attended this event.

VII. Index of Exhibits: See below.

VIII. List of Participants: See below.

DESCRIPTION:

I. General Description: The chapter organized an event to take place twice a year (once a semester) that gave the students and faculty at the college of engineering and applied sciences an excellent opportunity to build their professional brand by getting a professional head shot of themselves taken for free that could be used for a LinkedIn profile picture.

II. Purpose & Relationship to Objectives of TBP: Our chapter determined that it was necessary as the engineering honors society for Western Michigan University we should hold a professional development activity for all students on campus. This activity helped to do that by offering a free picture day for all students and faculty.

III. Organization & Administration: (in conjunction with another group?)  __Yes  X No

IV. Cost & Personnel Requirements: Volunteers were needed throughout the day to run the event. Camera was provided for use (borrowed).

V. Special Problems: none

VI. Overall Evaluation/Results (Be Specific): The first event was a success and was determined to be offered again next semester at the beginning of the semester. The participants were pleased to have this event offered to them and utilized their photos right away on

Failed Projects

Tau Beta Pi’s Michigan Kappa chapter met its goals in implementing new projects, raising awareness, and increasing member participation. The chapter only experienced one setback. At the beginning of the year, the chapter set a goal to implement MindSet. Initially, the chapter received great feedback from local schools. Although, due to lack of responding communication, the chapter was unable to implement MindSet. The chapter is excited to try again next year.
