1 Fall 2016 Projects

1.1 Chapter T-Shirt Fundraising

Project Number: Fall-1
Project Name: Chapter T-Shirt Fundraising
New Project? □ Yes □ No
Date(s) of Project: 8/30/2016-12/8/2016
Project Area(s): ☒ Chapter/Social ☐ Prof./Engineering ☐ University/College
□ Community/Liberal Culture ☐ Education/Prof. Development

Time Spent Organizing: Less than an hour by the Fundraising Coordinator
# of Members Involved: 1/49 Avg. Hrs. Per Member: 3
Members Involved: Maria Troyer
# of Electees Involved: N/A Avg. Hours Per Electee: N/A
Electees Involved: N/A

General Description:
We sold chapter T-Shirts left over from last year for more money for the chapter.

Purpose & Relationship to Objectives of TBP:
This project helped raise additional travel funds for the chapter, allowing us to go to several events in Albuquerque.
Organization & Administration:
The fundraising coordinator was responsible for advertising the T-shirts and arranging purchases with interested members. The coordinator and a chapter advisor decided on $16 as the cost per T-shirt.

Other groups involved? □ Yes ☒ No
If "Yes", what groups? N/A

Cost & Personnel Requirements:
All materials had been paid for previously. Only the fundraising coordinator was needed to keep track of everything.

Problems:
There was not much member interest in buying our T-shirts.

Overall Evaluation/Results:
This helped give us a little more money (about $150), but it may be better to use the remaining shirts as free give-aways at meetings in a raffle.
1.2 Youth Center Tutoring

**Project Number:** Fall-2  
**Project Name:** Youth Center Tutoring  
**New Project?** □ Yes ☒ No  
**Date(s) of Project:** 8/30/2016-12/8/2016  
**Project Area(s):** ☒ Chapter/Social ☐ Prof./Engineering ☒ University/College  
□ Community/Liberal Culture ☒ Education/Prof. Development

**Time Spent Organizing:** Less than an hour by the Community Service Coordinator  
**# of Members Involved:** 2/49  
**Avg. Hours Spent Per Member:** 2  
**Members Involved:** Jordan Ludi, Baylen Lamkin

**# of Electees Involved:** 3/28  
**Avg. Hours Spent by Each Electee:** 2  
**Electees Involved:** Raymond Searles, Delton Trosky, Wes Hacker

**General Description:**  
Our chapter provides tutors to the Socorro Youth Center to help them tutor children who may have disabilities or special needs and who require one-on-one tutoring time for effective learning.

**Purpose & Relationship to Objectives of TBP:**  
Our objective is to enhance and promote our image through tutoring while supporting young students and encouraging them to exceed in their educational endeavors as well.

**Organization & Administration:**  
The administrator at the Youth Center was contacted about the tutoring program, and the opportunity was regularly presented at meetings. The chapter contact would relatively regularly check in with the administrator about the status of the tutoring and about the possibility of running other events with the Youth Center as well.

**Other groups involved?** ☒ Yes □ No  
**If "Yes", what groups?** The center allows volunteers from the community as well.
Cost & Personnel Requirements:
No costs were incurred on our part, and the only personnel requirements were those of the tutors themselves and the chapter contact who organized the tutoring.

Problems:
Low participation was an issue, as we could not provide tutors on a regular schedule. This may be due to the fact that many people’s schedules conflicted with the times we could tutor during, as the Youth Center only has times available after the kids get out of their regular school programs in the afternoon.

Overall Evaluation/Results:
I would recommend this event be done again, but with increased side events as a method to promote the main goal (tutoring). As far as the results, any number of tutors we can provide does help the Youth Center immensely, and so I would still gauge this year’s results as a success.
1.3 Formal Chapter Social/Candidate Meet and Greet

**Project Number:** Fall-3  
**Project Name:** Formal Chapter Social/Candidate Meet and Greet  
**New Project?**  
- [□] Yes  
- [x] No  
**Date(s) of Project:** 9/20/2016  
**Project Area(s):**  
- [x] Chapter/Social  
- [ ] Prof./Engineering  
- [ ] University/College  
- [ ] Community/Liberal Culture  
- [x] Education/Prof. Development  

**Time Spent Organizing:** About an hour by the Vice President  
**# of Members Involved:** 30/49  
**Avg. Hrs. Spent Per Member:** 2  
**Members Involved:** Philipp Baldovi, Justin Fan, Jake James, George Hoover, Jared Cantright, Dylan Prucell, Danielle Richards, Baylen Lamkin, Kristina Bueche, Christen Barger, Melissa Freeman, Emily Stirrup, Andrew Gabrysiak, Kelsey Wilson, Thomas Andrego, Caroline Allen, Aleyna Donaldson, Lara Draelos, Brenden Noone, Caralyn Coulta, Maria Troyer, Matthew Davenport, Sonya Schultz, Juan Carlos Molina, Alexander Bohlin, John Paul Norman, Sarah Belchak, Chris Sain, William Brooks, Amin Abbasi Baghbadorani  

**# of Electees Involved:** 20/28  
**Avg. Hrs. Spent Per Electee:** 1  
**Electees Involved:** Jacob Hall, Cristian Ortega, Delton Trosky, Jacob Schmelzel, James Harris, John Benson, Ray Searles, Kari Erickson, Charles Griego, Albert Reed, Shelby Begaye, Joseph Kerwin, Allie Arning, Nisa Rascon, Anna Wermer, Thalia Quinn, Alfred Cochrane, Luke Jungmann, Mark Graham, Wes Hacker  

**General Description:**  
Our chapter holds a social gathering each semester to get to know the initiates and allow them to become more familiar with our organization prior to voting them in.  

**Purpose & Relationship to Objectives of TBP:**  
This project is intended to develop the organization and advance member engagement
Organization & Administration:
The chapter V.P. reserved the space approximately 2 weeks or more in advance. The day of the event, the officers and other current members gathered to prepare to meet initiates; each member must be well versed in the club’s activities and mission to be able to answer any questions initiates may have. Food was provided by the chapter’s officers. During the event members and initiates move around the room talking to as many different people as possible (members talking with initiates, and vice versa).

Other groups involved? □ Yes ☒ No
If "Yes", what groups? N/A

Cost & Personnel Requirements:
To make this event possible we needed as many members as possible, given the size of the group of initiates. Food was supplied by the chapter officers and the fee for the room was $25.00.

Problems:
The only problem with this event is breaking up groups or cliques. Making sure that all members are engaging as many initiates as possible and discussing club matters instead of using the time socialize with friends (whether they be current members or initiates).

Overall Evaluation/Results:
This event, as usual, ran very smoothly. It allowed us to get to know the candidates. This will continue as an NM-Gamma tradition.
1.4 Engineering Futures Session

Project Number: Fall-4
Project Name: Engineering Futures Session
New Project? □ Yes ☑ No
Date(s) of Project: 10/1/2016
Project Area(s): ☑ Chapter/Social □ Prof./Engineering □ University/College
□ Community/Liberal Culture ☑ Education/Prof. Development

Time Spent Organizing: Less than half an hour by the President
# of Members Involved: 9/48 Avg. Hrs. Spent Per Member: 4
Members Involved: William Brooks, Kristina Bueche, Sara Di’Gregorio, Dylan Purcell, Danielle Richards, Chris Sain, Sonya Schultz, Emily Stirrup, Kelsey Wilson

# of Electees Involved: 11/28 Avg. Hrs. Spent Per Electee: 4
Electees Involved: Stephan Comeau, Mark Graham, Charles Griego, Weston Hacker, Jacob Hall, Holden Hyer, Joseph Kerwin, Cristian Ortega, Nisa Rascon Pacheco, Thalia Quinn, Jacob Schmelzel

General Description:
Our chapter ran an Engineering Futures (EF) Session for our members and electees. By popular demand, Team Chartering was chosen as our module. Food was provided at the session to encourage participation.

Purpose & Relationship to Objectives of TBP:
This event was run in an attempt to increase opportunities for professional development of our members. It also increased our member awareness of the many benefits TBP has to offer its members.

Organization & Administration:
The President was responsible for contacting TBP nationals to arrange the session. The module was determined by the results of an online ballot done at the beginning of the semester. The Recording Secretary was responsible for reserving the room, and the Vice President was responsible for obtaining the food for the session.
Other groups involved? □ Yes ☒ No
If "Yes", what groups? N/A

Cost & Personnel Requirements:
Burritos were purchased at a local restaurant for about $4/person. The room was free.

Problems:
None.

Overall Evaluation/Results:
This event went very well. The attendees were very satisfied with the session.
1.5 ADOPT-A-HIGHWAY TRASH PICK-UP

Project Number: Fall-5
Project Name: Adopt-a-Highway Trash Pick-Up
New Project? □ Yes ☒ No
Date(s) of Project: 10/8/2016
Project Area(s): □ Chapter/Social □ Prof./Engineering □ University/College ☒ Community/Liberal Culture □ Education/Prof. Development

Time Spent Organizing: Less than an hour by the Community Service Coordinator
# of Members Involved: 6/49 Avg. Hours Spent Per Member: 1
Members Involved: John Paul Norman, Philipp Baldovi, George Hoover, Christen Barger, Andrew Miller, Melissa Freeman

# of Electees Involved: 18/28 Avg. Hours Spent by Each Electee: 1

General Description:
As part of the Adopt-a-Highway program, our chapter takes care of a mile along the interstate. Our members drive to the mile and pick up trash along the interstate. We then take all the trash back into town to dispose of properly.

Purpose & Relationship to Objectives of TBP:
This event is one of our usual initiation tasks. It is designed to give the initiates a sense of community service. Additionally, it allows them to get to know each other before they are inducted. Members also can benefit from the sense of community service.

Organization & Administration:
The event is performed on a Saturday morning (starting around 10 AM). Our Community Service Coordinator sends out a Google Sheets signup for the event. Volunteers meet up on a parking lot on campus, and drive together to the mile.
Other groups involved?  □  Yes  ☒  No
If "Yes", what groups?  N/A

Cost & Personnel Requirements:
This project went quickly with the involvement of 24 people. This project could be run successfully with anywhere from 10-20 members. Items needed were safety vests, trash bags, and work gloves. These items were already in possession of the chapter and thus no costs were incurred.

Problems:
None.

Overall Evaluation/Results:
This project was successful and had higher attendance than in previous years. The number of people present shortened the time needed to complete this project. This project should be continued.
1.6 TBP Annual Engineering Barbeque

**Project Number:**  Fall-6  
**Project Name:**  TBP Annual Engineering Barbeque  
**New Project?**  □ Yes  ☒ No  
**Date(s) of Project:**  10/12/2016  
**Project Area(s):**  ☐ Chapter/Social  ☒ Prof./Engineering  ☒ University/College  
                     ☐ Community/Liberal Culture  □ Education/Prof. Development

**Time Spent Organizing:**  About 3 hours by the Community Service Coordinator  
**# of Members Involved:**  9/49  
**Avg. Hours Spent Per Member:**  1  
**Members Involved:**  Phillip Baldovi, Justin Fan, George Hoover, Jordan Ludi, John Paul Norman, Danielle Richards, Chris Sain, John Sanchez, Emily Stirrup  
**# of Electees Involved:**  1/49  
**Avg. Hours Spent by Each Electee:**  2  
**Electees Involved:**  Kari Erickson

**General Description:**
The Engineering BBQ is a social event that our chapter funds and hosts for the entire school. All the engineering clubs are invited to help us run the event. It provides the opportunity for students to get free quality food and brief social interaction during stressful midterm week. Food is cooked fresh on the spot, and other events for the semester are announced during the BBQ. It usually acts as the beginning of New Mexico Tech's 49ers Celebration Weekend.

**Purpose & Relationship to Objectives of TBP:**
This event is intended to bring together all the university's engineering clubs together to run a school-sponsored event. This gives all the clubs the volunteer hours they are required to complete by the Student Government Association. It also helps bridge connections between the different clubs. At the same time, we are providing moral support during finals week by offering encouragement and food.
Organization & Administration:
The event was planned well in advance to be sure that the supplies and volunteers needed were available. A partial amount of funding came from submitting an event grant through our Student Government Association. This was done very early to ensure the funding was available. A volunteer spreadsheet and a supply list was then sent out to all of the clubs involved and a meeting was arranged to coordinate everybody. Food was purchased the day of and grilling began an hour before the event. Tables and chairs were borrowed from the school. Grilling and food preparation was performed in shifts and a large group of students helped with clean-up.

Other groups involved?  ☒ Yes  □ No
If "Yes", what groups?  Volunteers from the American Institute of Chemical Engineers, American Society of Civil Engineers, Physics Club, American Society of Mechanical Engineers assisted with preparations and serving food.

Cost & Personnel Requirements:
This project cost $300 for the acquisition of food and utensils (funding was obtained through an SGA event grant). About three grills were necessary for cooking food. Approximately three to four individuals were necessary at a time to run the grills and distribute the food.

Problems:
Participation was excellent. The only issue was setting a meeting prior to the event for setup simply as the result of a miscommunication.

Overall Evaluation/Results:
The event went very well as usual. All of the students were very thankful for the free food and social interaction with their peers. It should definitely be done again because it gives our Tau Beta Pi chapter an opportunity to make ourselves known among the new students.
1.7 INITIATION BANQUET

Project Number:  Fall-7
Project Name:  Initiation Banquet
New Project?  □ Yes  ☒ No
Date(s) of Project:  10/16/2016
Project Area(s):  ☒ Chapter/Social  □ Prof./Engineering  □ University/College
                □ Community/Liberal Culture  □ Education/Prof. Development

Time Spent Organizing:  Less than half an hour by the Recording Secretary
# of Members Involved:  18/48  Avg. Hrs. Spent Per Member:  1.25
Members Involved:  Amin Baghbadorani, Sarah Belchak, Sara Di'Gregorio, Lara Draelos, Melissa Freeman, Dylan Purcell, Danielle Richards, Chris Sain, Emily Stirrup, Maria Troyer, Kelsey Wilson

# of Electees Involved:  24/28  Avg. Hrs. Spent Per Electee:  1
Electees Involved:  Allie Arning, Shelby Begaye, Will Benson, Kyle Buchmiller, Cora Carman, Alfred Cochrane, Kari Erickson, Mark Graham, Charles Griego, Weston Hacker, Jacob Hall, Zach Harris, Holden Hyer, Joseph Kerwin, Brian McLoughlin, Brendan Noone, Cristian Ortega, Thalia Quinn, Nisa Rascon Pacheco, Albert Reed, Jacob Schmelzel, Raymond Searles, Delton Trosky, Anna Wermer

General Description:
Each semester after our Initiation Ceremony, we hold a banquet to allow members to interact with the newly initiated.

Purpose & Relationship to Objectives of TBP:
This project is intended to congratulate the newly initiated and welcome them into the club. It allows the new and old members to get to know each other, setting up networks within the chapter. It helps build the chapter.
Organization & Administration:
The Recording Secretary made the reservation for supper at a local restaurant. After the Initiation Ceremony, the participants carpooled to the restaurant. Officers made sure the initiates and members were well mixed during the dinner.

Other groups involved? □ Yes ☒ No
If "Yes", what groups? N/A

Cost & Personnel Requirements:
The cost of the dinner was around $200 and came out of the initiation fees taken earlier that day.

Problems:
None.

Overall Evaluation/Results:
This project is generally a simple and effective way to make the newly initiated more comfortable with the club. This project was a success. We will continue doing this in future semesters.
1.8 Movie and Pizza Social

Project Number:  Fall-8
Project Name:  Movie and Pizza Social
New Project?  ☒ Yes  ☐ No
Date(s) of Project:  11/3/2016
Project Area(s):  ☒ Chapter/Social  ☐ Prof./Engineering  ☐ University/College
☐ Community/Liberal Culture  ☐ Education/Prof. Development

Time Spent Organizing:  Less than half an hour by the Corresponding Secretary
# of Members Involved:  3/49  Avg. Hrs. Spent Per Member:  3
Members Involved:  Sara DiGregorio, Danielle Richards, Chris Sain
# of Electees Involved:  5/28  Avg. Hrs. Spent Per Electee:  3
Electees Involved:  Zach Harris, Joe Kerwin, Mark Graham, Chasz Griego, Thalia Quinn

General Description:
A movie was shown at a member’s house which was close to campus. Pizza was served. It allowed for everyone to get to know each other.

Purpose & Relationship to Objectives of TBP:
The objective of this movie night was to introduce electees to older members of Tau Beta Pi and help foster an environment conducive to friendship founded by similar visions of academic excellence and lifelong learning.

Organization & Administration:
The event was organized by the social events coordinator, and supported by the other officers of the school’s chapter. A group email was sent out notifying all members and electees of the date and time of the event. Multiple reminder emails were sent out, and the event was reminded of during the weekly chapter meeting. The event itself was help at the private residence of the social events coordinator. The was no accident, as the house is located across the street from campus. Members showed up for pizza and a movie, and were encouraged to socialize and get to know each other.
Other groups involved? □ Yes ☒ No
If "Yes", what groups? N/A

Cost & Personnel Requirements:
The only two items necessary to run this event were pizza and a movie. Pizza cost around $50. The rented movie cost less than $10.

Problems:
The only problem that occurred was noise of people socializing and interrupting those watching the movie. I would recommend allotting two separate rooms for the two groups to act accordingly without disrupting the other.

Overall Evaluation/Results:
I would recommend this event to be done again. Pizza and movies are two basically universally liked things, and therefore provide an excellent and comfortable ambiance for strangers with similar goals to get together and become acquaintances and maybe even friends.
1.9 Food Drive for Puerto Seguro 1

**Project Number:** Fall-9  
**Project Name:** Food Drive for Puerto Seguro 1  
**New Project?** □ Yes □ No  
**Date(s) of Project:** 11/19/2016  
**Project Area(s):** □ Chapter/Social □ Prof./Engineering □ University/College  
□ Community/Liberal Culture □ Education/Prof. Development

**Time Spent Organizing:** Less than an hour by the Community Service Coordinator  
**# of Members Involved:** 4/49  
**Avg. Hours Spent Per Member:** 3  
**Members Involved:** John Paul Norman, Chris Sain, Danielle Richards, Myissa Weiss  
**# of Electees Involved:** 0/28  
**Avg. Hours Spent by Each Electee:** N/A  
**Electees Involved:** N/A

**General Description:**  
Food drive to raise holiday, non-perishable food items for the Puerto Seguro Homeless Shelter of Socorro.

**Purpose & Relationship to Objectives of TBP:**  
This project was undertaken in order to provide assistance to the Socorro community and uphold the community service values of the Tau Beta Pi organization.

**Organization & Administration:**  
John Brooks Grocery Store was contacted to ensure running the food drive in front of the store would be allowed, and so that times could be reserved to operate the food drive. Several general emails were sent to all TBP members and announcements regarding the event were made at the general TBP meetings two weeks in advance of the event. The event organizer brought signs labeled 'Puerto Seguro Food Drive' to the event and shopping carts were positioned by the entrance of John Brooks for food collection. One member was positioned at each entrance to the store to greet incoming customers and a third member generally floated in between the sign holding members to provide support.
Other groups involved?  ☐ Yes  ☒ No
If "Yes", what groups?  N/A

Cost & Personnel Requirements:
See "Organization & Administration". Gas for one car cost about $10. The lunch itself was around $80.

Problems:
No major problems occurred.

Overall Evaluation/Results:
This event was successful. Approximately five shopping carts of food were raised for the homeless shelter and community participation was very high. This event would be recommended again for next Winter.
1.10 Tau Beta "Pi in the Face" Fundraiser

**Project Number:**  Fall-10
**Project Name:**  Tau Beta "Pi in the Face" Fundraiser

**New Project?**  ☑ Yes  ☐ No

**Date(s) of Project:**  11/30/2016 - 12/2/2016

**Project Area(s):**  ☑ Chapter/Social  ☐ Prof./Engineering  ☑ University/College
                      □ Community/Liberal Culture  □ Education/Prof. Development

**Time Spent Organizing:**  About four hours by the Fundraising Coordinator

**# of Members Involved:**  9/49  **Avg. Hrs. Spent Per Member:**  3

**Members Involved:**  Matt Davenport, Maria Troyer, Chris Sain, Melissa Freeman, Danielle Richards, John Paul Norman, William Brooks, Jared Canright, Justin Fan, Emily Stirrup

**# of Electees Involved:**  0/28  **Avg. Hrs. Spent Per Electee:**  N/A

**Electees Involved:**  N/A

**General Description:**
The purpose of this event was to raise money for the chapter and to build community among members while also advertising the club. Several members volunteered to be raffled off for a "pie in the face". A raffle was drawn for each volunteer and the winner threw a pie at the Volunteer of his choice. Tickets were sold to students of New Mexico Tech (NMT) who had the option to buy a chance ticket for $2 each or a guaranteed "pie in the face" ticket for $10.

**Purpose & Relationship to Objectives of TBP:**
The purpose of this event was to raise money to fund future chapter goals. An additional goal is continue to increase our image on campus.
Organization & Administration:
The event was organized by the Fundraising Officer. The first step was to find volunteers willing to be Pied in the Face and deciding on the best date and time for the event to take place, considering everyone's schedule; this was done via Doodle Poll. The organization decided on a 'Wild West' theme and Wanted posters of each volunteer were made and posted around campus as advertisement. Tickets were sold two days before the event. Tickets cost $2 for 1, $3 for 2, $5 for 5, and $10 for guaranteed pie. At the event, each member was raffled off once and the winner was able to throw the pie.

Other groups involved? □ Yes ☒ No
If "Yes", what groups? N/A

Cost & Personnel Requirements:
For this event to be successful several members were needed to be pied in the face, a couple to buy tickets, and a couple to make the pies and set up. The supplies needed included Instant pudding, Milk, Cool whip, Paper plates, Pie tins, and cling wrap. The total cost was $30 and the total amount made was $150 with a net profit of $120.

Problems:
The biggest problem with this event was the time of year it was held. The idea was presented to the officers later in the semester; by the time everything was figured out it was almost finals and most members were very busy. In the future this event will be held earlier in the semester.

Overall Evaluation/Results:
Overall this event was successful and would definitely be recommended for future fundraisers. Some suggestions would be to host in warmer weather and as soon in the semester as possible.
1.11 NM-B INITIATION CEREMONY AND BANQUET

Project Number: Fall-11
Project Name: NM-B Initiation Ceremony and Banquet
New Project? ☒ Yes □ No
Date(s) of Project: 12/3/2016
Project Area(s): ☒ Chapter/Social □ Prof./Engineering □ University/College
d□ Community/Liberal Culture □ Education/Prof. Development

Time Spent Organizing: Less than half an hour by the Academic Outreach Coordinator
# of Members Involved: 4/49 Avg. Hrs. Spent Per Member: 4.5
Members Involved: Melissa Freeman, Danielle Richards, Maria Troyer, Kelsey Wilson
# of Electees Involved: 3/28 Avg. Hrs. Spent Per Electee: 2.5

General Description:
Initiates from NM-G attended the NM-B chapter initiation for the fall 2016 semester. NM-G officers were in attendance to set-up and run the ceremony, as well as help coordinate the banquet following. This assisted the NM-B chapter rebuild, as at the time they only had one active member.

Purpose & Relationship to Objectives of TBP:
The goal of this event was to support and improve chapter relations between the NM-G and NM-B chapters. With the aid of the NM-G officers, as well as the attendance of their initiates, we were able to promote both leadership and member engagement.

Organization & Administration:
The attending officers arrive approximately two hours prior to the beginning of the ceremony. Someone from the NM-B chapter (the chapter adviser) reserved the room and was there to open up. Initiation materials were supplied by NM-B. The ceremony was conducted as per TBP guidelines. Also, the banquet was arranged by a member of
NM-B. An additional room was reserved and food was delivered directly. The banquet was attended by everyone in attendance to the preceding ceremony. The coordinating officers and advisers were in charge of clean-up of both the ceremony and the banquet.

Other groups involved? ☒ Yes    □ No
If "Yes", what groups?  Tau Beta Pi - New Mexico Beta Chapter at the University of New Mexico

Cost & Personnel Requirements:
Being an initiation ceremony, a minimum of seven officers or advisers were needed for this event to run smoothly. Initiation materials were provided by the host chapter. Food for the banquet was catered at a cost of approximately $16 per person.

Problems:
There was an electrical issue with the power cord/dimmer switch provided by NM-B. There was a short in the wiring in either a lamp or the power strip itself.

Overall Evaluation/Results:
It was greatly rewarding to be able to coordinate with and assist a fellow chapter. I would recommend this event again, if assistance is ever needed, as well as any other event that promotes inter-chapter relations.
Food Drive for Puerto Seguro 2

**Project Number:** Fall-12

**Project Name:** Food Drive for Puerto Seguro 2

**New Project?** □ Yes  ☒ No

**Date(s) of Project:** 12/3/2016

**Project Area(s):** □ Chapter/Social  □ Prof./Engineering  □ University/College  ☒ Community/Liberal Culture  □ Education/Prof. Development

**Time Spent Organizing:** Less than an hour by the Community Service Coordinator

**# of Members Involved:** 4/49  **Avg. Hours Spent Per Member:** 3

**Members Involved:** John Paul Norman, Andrew Miller, Andrew Gabrysiak, Matt Davenport

**# of Electees Involved:** 0/28  **Avg. Hours Spent by Each Electee:** N/A

**Electees Involved:** N/A

**General Description:**
Food drive to raise holiday, non-perishable food items for the Puerto Seguro Homeless Shelter of Socorro.

**Purpose & Relationship to Objectives of TBP:**
This project was undertaken in order to provide assistance to the Socorro community and uphold the community service values of the Tau Beta Pi organization.

**Organization & Administration:**
John Brooks Grocery Store was contacted to ensure running the food drive in front of the store would be allowed, and so that times could be reserved to operate the food drive. Several general emails were sent to all TBP members and announcements regarding the event were made at the general TBP meetings two weeks in advance of the event. The event organizer brought signs labeled "Puerto Seguro Food Drive" to the event and shopping carts were positioned by the entrance of John Brooks for food collection. One member was positioned at each entrance to the store to greet incoming customers and a third member generally floated in between the sign holding members to provide support.
Other groups involved? □ Yes ☒ No
If "Yes", what groups? N/A

Cost & Personnel Requirements:
See "Organization & Administration". Gas for one car cost about $10. The lunch itself was around $80.

Problems:
No major problems occurred, but the 11/19 event was much more successful.

Overall Evaluation/Results:
This event was successful. Approximately five shopping carts of food were raised for the homeless shelter and community participation was very high. This event would be recommended again for next Winter.

Only 11 Projects were available to electees due to the date of the election.
3 SPRING 2016 PROJECTS

3.1 ABQ REGIONAL SCIENCE OLYMPIAD

Project Number: Spring-1
Project Name: Chapter T-Shirt Fundraiser
New Project? ☒ Yes □ No
Date(s) of Project: 1/28/2017
Project Area(s): ☒ Chapter/Social □ Prof./Engineering □ University/College
□ Community/Liberal Culture □ Education/Prof. Development

Time Spent Organizing: A few hours by the Academic Outreach Coordinator and one of the chapter advisors.

# of Members Involved: 3/68 Avg. Hrs. Spent Per Member: 6
Members Involved: Luke Soule, Zach Harris, Dylan Purcell, Kristina Bueche
# of Electees Involved: N/A Avg. Hrs. Spent Per Electee: N/A
Electees Involved: N/A

General Description:
Our chapter sent several members to assist NM-Beta in running several events at the Albuquerque Regional Science Olympiad.

Purpose & Relationship to Objectives of TBP:
This project promotes helping our community. It also built stronger ties to the NM-Beta chapter. Additionally, it furthers the education of young students in STEM fields while furthering our own professional development as managers and arbitrators.

Organization & Administration:
The Academic Outreach Coordinator found three members willing to volunteer. All members had places they could stay in Albuquerque the night before the events. The Chief Advisor of NM-Beta had arranged everything for the events. Members showed up and were trained for the events. Free lunch was provided.

Other groups involved? ☒ Yes □ No
If "Yes", what groups? NM-Beta Chapter
Cost & Personnel Requirements:
All equipment was provided at no cost to our chapter.

Problems:
None.

Overall Evaluation/Results:
This event was a lot of fun. We hope to be able to do it again next year.
3.2 Community Arts Party

Project Number: Spring-2

Project Name: Community Arts Party

New Project? □ Yes ☑ No

Date(s) of Project: 2/4/2017

Project Area(s): □ Chapter/Social □ Prof./Engineering □ University/College
☑ Community/Liberal Culture □ Education/Prof. Development

Time Spent Organizing: Less an hour by the Community Service Coordinator

# of Members Involved: 3/69  Avg. Hrs. Spent Per Member: 2

Members Involved: Kyle Buchmiller, Holden Hyer, Thalia Quinn

# of Electees Involved: N/A  Avg. Hrs. Spent Per Electee: N/A

Electees Involved: N/A

General Description:
Every year, the town runs a community arts party designed to promote arts and crafts in the town. During this party, a local gym is filled with booths, each featuring a different activity for kids to participate in.

Purpose & Relationship to Objectives of TBP:
This project is designed to help the community directly. As such, it also increases our member awareness in regards to an engineer's role in helping his or her community. In addition, the event itself promotes liberal culture.

Organization & Administration:
A local community director runs the event itself and simply calls on as many volunteers as they can get. A sign-in sheet was included at the entrance to the event. The community service coordinator of our chapter used that sign-in sheet to track attendance.
Other groups involved? ☑ Yes ☐ No
If "Yes", what groups? Multiple NMT clubs volunteered in the same manner we did. The city ran the event.

Cost & Personnel Requirements:
Volunteers either assisted with setup, running a booth, or cleaning up at the end of the event. All supplies were provided by the city.

Problems:
None.

Overall Evaluation/Results:
This event was successful in giving a few TBP members that could not attend weekday events an event they could attend.
### New Mexico State Science Olympiad Events

**Project Number:** Spring-3  
**Project Name:** New Mexico State Science Olympiad Events  
**New Project?** □ Yes  ☒ No  
**Date(s) of Project:** 2/25/2017  
**Project Area(s):**  □ Chapter/Social  □ Prof./Engineering  ☒ University/College  
☐ Community/Liberal Culture  □ Education/Prof. Development

**Time Spent Organizing:** About fifteen hours by the current Academic Outreach Coordinator  
**# of Members Involved:** 15/68  
**Avg. Hours Spent Per Member:** 2.25  
**Members Involved:** Caroline Allen, Thomas Andrego, Allie Arning, Christen Barger, William Brooks, Kyle Buchmiller, Kristina Bueche, Kari Erickson, Brendan Noone, Cristian Ortega, Dylan Purcell, Albert Reed, Raymond Searles, Delton Trosky, Kelsey Wilson  
**# of Electees Involved:** N/A  
**Avg. Hours Spent by Each Electee:** N/A  
**Electees Involved:** N/A

**General Description:**  
Our chapter organizes and runs several state Science Olympiad events involving a device test and a written test for the middle school and high school sections. We provide the tests, equipment, and personnel to run the event for drop-in testing, which allows the competitors to show up anytime to do either test for the full duration of the competition.

**Purpose & Relationship to Objectives of TBP:**  
This project assists our university in one of its biggest outreach events. It also promotes helping our community. Additionally, it furthers the education of young students in STEM fields while furthering our own professional development as managers and arbitrators.

**Organization & Administration:**  
The event was first planned by the organizing officer by contacting the school staff in charge of running science olympiad to demonstrate our interest in running the event. The testing equipment was procured and tests written in the months leading up to the competition, with the organizers attending workshops to answer coaches’ questions about how the tests would be administered. Several weeks before the event, volunteers from the chapter were gathered and filled out the requisite paperwork required by the national Science Olympiad organization for volunteers. During the day of the event, the organizers arrived early to set up. Volunteers were told to arrive before their shift to get training. The event was run per competition rules.
Other groups involved?  ☑ Yes  ☐ No

If "Yes", what groups?  UNM Tau Beta Pi Chapter (NM-B) send several volunteers to help

Cost & Personnel Requirements:
No costs (materials provided by school). Personnel: Minimum of 4 volunteers per shift and the 2 organizers, with overlapping shifts.

Problems:
Technical problems with one of the events due to the available setup space. The problems were primarily not foreseen as it was a new event with which no organizers across the country had any experience operating.

Overall Evaluation/Results:
This is our largest event every year and draws a great deal of participation from our chapter members. Science Olympiad is the reason many of our own members first considered engineering as a career and NM Tech as a college, so many members are passionate about this event. The school has thanked us many times for our support of Science Olympiad.
3.4 Formal Chapter Social/Candidate Meet and Greet

**Project Number:** Spring-4

**Project Name:** Formal Chapter Social/Candidate Meet and Greet

**New Project?** □ Yes  ☑ No

**Date(s) of Project:** 2/28/2017

**Project Area(s):** ☑ Chapter/Social  □ Prof./Engineering  □ University/College

□ Community/Liberal Culture  □ Education/Prof. Development

**Time Spent Organizing:** Less than half an hour by all the officers.

**# of Members Involved:** 27/68  **Avg. Hrs. Spent Per Member:** 1.25

**Members Involved:** Kelsey Wilson, Danielle Richards, Myissa Weiss, John Sanchez, Sara Belchak, Kari Erickson, Zach Harris, Stephan Comeau, Brendan Noone, Ben Katko, Chris Sain, Raymond Searles, Phillip Baldovi, Andrew Gabrysiak, Anna Wermer, Maria Troyer, JP Norman, George Hoover, Wes Hacker, Melissa Freeman, Caroline Allen, Thomas Andrego, Thalia Quinn, Justin Fan, Matt Davenport, William Brooks, Delton Trosky

**# of Electees Involved:** 13/17  **Avg. Hrs. Spent Per Electee:** 1

**Electees Involved:** Francisco Hernandez, Devin Flaherty, Elijah Hammond, Essiel Carrasco-Oros, Partick Dolce, Bradley Miller, Jared Lam, Wyatt Burger, Stephan Adam, Maggie House, Caleb Belchak, Jacob Belchak, Miguel Luna

**General Description:**

Once a semester, our chapter holds a formal social event in place of a general meeting in order to promote interaction among its members. All the candidates for the semester are invited as well so that we may get to know them and they get to learn about the chapter.

**Purpose & Relationship to Objectives of TBP:**

This project is intended to promote interaction among our members, creating a more tightly knit network of excellent engineering students. In addition, it promotes our chapter in a more formal environment to those eligible for initiation.

**Organization & Administration:**

The candidates are notified of the event by an email from the Corresponding Secretary or Vice President. The Recording Secretary is responsible for reserving the room. Several officers are assigned to providing refreshments at the social.
Other groups involved? □ Yes ☐ No
If "Yes", what groups? N/A

Cost & Personnel Requirements:
The officers assigned to obtaining the refreshments may either cook or buy them. Usually this costs less than $20.

Problems:
None.

Overall Evaluation/Results:
This event, as usual, ran very smoothly. It allowed us to get to know each other as well as the candidates. This will be continued as an NM-Gamma tradition.
3.5 ADOPT-A-HIGHWAY TRASH PICK-UP

Project Number: Spring-5
Project Name: Adopt-a-Highway Trash Pick-Up
New Project? □ Yes □ No
Date(s) of Project: 3/18/2017
Project Area(s): □ Chapter/Social □ Prof./Engineering □ University/College
□ Community/Liberal Culture □ Education/Prof. Development

Time Spent Organizing: Less than half an hour by the Community Service Coordinator
# of Members Involved: 2/69 □ Avg. Hours Spent Per Member: 2
Members Involved: Melissa Freeman, Wes Hacker
# of Electees Involved: 5/19 □ Avg. Hours Spent by Each Electee: 2
Electees Involved: Sawyer Gill, Jared Lam, Enrique Sandoval, Caleb Belchak, Jacob Belchak

General Description:
As part of the Adopt-a-Highway program, our chapter takes care of a mile along the interstate. Our members drive to the mile and spent one or two hours picking up trash along the interstate. We then take all the trash back into town to dispose of properly.

Purpose & Relationship to Objectives of TBP:
This event is one of our usual initiation tasks. It is designed to give the initiates a sense of community service. Additionally, it allows them to get to know each other before they are inducted.

Organization & Administration:
The event is performed on a Saturday morning (starting around 10 AM). Our Community Service Coordinator sends out a Google Sheets signup for the event. Volunteers meet up on a parking lot on campus, and drive together to the mile.

Other groups involved? □ Yes □ No
If "Yes", what groups? N/A

Cost & Personnel Requirements:
We purchased about 100 trash bags for about $15. Our chapter owns a large quantity of safety vests that were used by the volunteers. Picking up the trash took about two hours with the number of volunteers we had.
Problems:
Because this event took place at the end of Spring Break, participation was much lower than normal.

Overall Evaluation/Results:
This event was successful considering the turnout. We will continue this as an NM-G tradition.
3.6 TBP REGIONAL CONFERENCE ATTENDANCE

Project Number: Spring-6
Project Name: TBP Regional Conference Attendance
New Project? □ Yes ☒ No
Date(s) of Project: 3/24/2017-3/25/2017
Project Area(s): ☒ Chapter/Social □ Prof./Engineering □ University/College
□ Community/Liberal Culture ☒ Education/Prof. Development

Time Spent Organizing: About 2 hours of planning by the President
# of Members Involved: 3/66 Avg. Hrs. Spent Per Member: 10
Members Involved: Melissa Freeman, Luke Soule, Brendan Noone
# of Electees Involved: N/A Avg. Hrs. Spent Per Electee: N/A
Electees Involved: N/A

General Description:
Our chapter sent 3 members and 1 advisor to the D-13 Regional Conference. Attendees included both current and incoming officers.

Purpose & Relationship to Objectives of TBP:
This event served as another way to increase the professional development of our members. It also prepared our President-elect and Vice President-Elect's.

Organization & Administration:
Our president coordinated with the district directors to secure spots for the attendees. For transportation, we carpooled with one of the District Directors and the attendees from NM-Beta.

Other groups involved? ☒ Yes □ No
If "Yes", what groups? We carpooled with NM-Beta.

Cost & Personnel Requirements:
All travel expenses were reimbursed through nationals.

Problems:
None.
Overall Evaluation/Results:
This project went very well. We will try to keep at least this level of attendance at future conferences. We also very much enjoyed carpooling with NM-Beta and will likely do that again in the future.
3.7 FOOD DRIVE FOR PUERTO SEGURO

Project Number:  Spring-7
Project Name:  Food Drive for Puerto Seguro
New Project?  □ Yes  ☑ No
Date(s) of Project:  3/25/2017-3/26/2017
Project Area(s):  □ Chapter/Social  □ Prof./Engineering  □ University/College
☑ Community/Liberal Culture  □ Education/Prof. Development

Time Spent Organizing:  Less than half an hour by the Recording Secretary
# of Members Involved:  13/66  Avg. Hrs. Spent Per Member:  1.25
Members Involved:  Stephan Comeau, Charles Griego, Ben Katko, Joe Kerwin, John Paul Norman
# of Electees Involved:  13/19  Avg. Hrs. Spent Per Electee:  1
Electees Involved:  Stephan Adam, Wyatt Berger, Essiel Carrasco, Patrick Dolce, Devin Flaherty, Elijah Hammond, Margaret House, Miguel Luna, Bradley Miller, Riley Myers, Hugh Shortt, Francisco Hernandez, Alexander Kral

General Description:
Food drive to raise non-perishable food items for the Puerto Seguro Homeless Shelter of Socorro.

Purpose & Relationship to Objectives of TBP:
This project was undertaken in order to provide assistance to the Socorro community and uphold the community service values of the Tau Beta Pi organization.

Organization & Administration:
John Brooks Grocery Store was contacted to ensure running the food drive in front of the store would be allowed, and so that times could be reserved to operate the food drive. Several general emails were sent to all TBP members and announcements regarding the event were made at the general TBP meetings two weeks in advance of the event. The event organizer brought signs labeled "Puerto Seguro Food Drive" to the event and shopping carts were positioned by the entrance of John Brooks for food collection. One member was positioned at each entrance to the store to greet incoming customers and a third member generally floated in between the sign holding members to provide support.
Other groups involved?  □ Yes  ☒ No
If "Yes", what groups?  N/A

Problems:
None.

Overall Evaluation/Results:
This event was successful, as usual. We will continue it in the next year.
3.8 New Mexico State Science Fair Set-Up

**Project Number:**  Spring-8  
**Project Name:**  New Mexico State Science Fair Set-Up  
**New Project?**  □ Yes  ☒ No  
**Date(s) of Project:**  3/31/2017  
**Project Area(s):**  □ Chapter/Social  □ Prof./Engineering  ☒ University/College  
□ Community/Liberal Culture  □ Education/Prof. Development

**Time Spent Organizing:**  About an hour by the incoming Academic Outreach Coordinator.  
**# of Members Involved:**  7/68  
**Avg. Hrs. Spent Per Member:**  1.5  
**Members Involved:**  Jared Canright, Cora Carmen, Lara Draelos, Mark Graham, Holden Hyer, Dylan Purcell, Luke Soule  
**# of Electees Involved:**  0/17  
**Avg. Hrs. Spent Per Electee:**  N/A  
**Electees Involved:**  N/A

**General Description:**
Our chapter helps our school check-in project displays for the state Intel Science Fair, which we host. This involves going through a list of content allowed to be displayed and performing a safety check on the displays.

**Purpose & Relationship to Objectives of TBP:**
This project assists our university in one of its biggest outreach events. It also promotes helping our community and encourages participation in engineering activities for potential future engineers.

**Organization & Administration:**
The organizing officer contacted the school staff in charge of the overall event. Necessary equipment, such as printouts of the guidelines, approval stamps, etc. were obtained from the staff. On the day of the event, volunteers were trained early for the first shift, and shadowed either the organizer or other volunteers for successive shifts. Questions about rules and technicalities in the allowed items list were directed to the organizing officer to deal with, who would either use their authority as the head of the inspection team, or contact the science fair staff if they believed it required more input. After the shifts were complete, materials were returned to the science fair staff.
Other groups involved? □ Yes ☒ No
If “Yes”, what groups? N/A

Cost & Personnel Requirements:
No costs (materials provided by staff). Volunteer requirements: At least 4 personnel, including supervising officer, per shift.

Problems:
The competition check-in was delayed as the science fair staff were running late. Consequently, the first shift experienced a massive surge of competitors who needed to all be checked in at once, somewhat overwhelming our staff on hand.

Overall Evaluation/Results:
The event went mostly smoothly, except for the starting surge. With more people in the first shift in case this occurs again, I would highly encourage the chapter to continue with this event in the future.
3.9 INITIATION BANQUET

Project Number:  Spring-9

Project Name:  Initiation Banquet

New Project?  □ Yes  ☒ No

Date(s) of Project:  4/2/2017

Project Area(s):  ☒ Chapter/Social  □ Prof./Engineering  □ University/College
□  Community/Liberal Culture  □ Education/Prof. Development

Time Spent Organizing:  Less than half an hour by the Recording Secretary

# of Members Involved:  8/68  Avg. Hrs. Spent Per Member:  1.5

Members Involved:  Chris Sain, Melissa Freeman, Justin Fan, Weston Hacker, Brendan Noone, Luke Soule, Danielle Richards, Kelsey Wilson

# of Electees Involved:  14/17  Avg. Hrs. Spent Per Electee:  1.5

Electees Involved:  Stephan Adam, Wyatt Berger, Essiel Carrasco, Patrick Dolce, Devin Flaherty, Elijah Hammond, Francisco Hernandez, Margaret House, Alexander Kral, Jared Lam, Miguel Luna, Bradley Miller, Riley Myers, Enrique Sandoval

General Description:
Each semester after our Initiation Ceremony, we hold a banquet to allow members to interact with the newly initiated.

Purpose & Relationship to Objectives of TBP:
This project is intended to congratulate the newly initiated and welcome them into the club. It allows the new and old members to get to know each other, setting up networks within the chapter. It helps build the chapter.

Organization & Administration:
The incoming Recording Secretary made the reservation for supper at a local restaurant. After the Initiation Ceremony, the participants carpooled to the restaurant. Officers made sure the initiates and members were well mixed during the dinner.

Other groups involved?  □ Yes  ☒ No
If "Yes", what groups?  N/A

Cost & Personnel Requirements:
The cost of the dinner was around $200 and came out of the initiation fees taken earlier that day.
Problems:
None.

Overall Evaluation/Results:
This project is generally a simple and effective way to make the newly initiated more comfortable with the club. This project was a success.
3.10 NM-B INITIATION CEREMONY AND BANQUET

Project Number:  Spring-10
Project Name:  NM-B Initiation Ceremony and Banquet
New Project?  □ Yes  ☒ No
Date(s) of Project:  4/7/2017
Project Area(s):  ☒ Chapter/Social  □ Prof./Engineering  □ University/College
                 □ Community/Liberal Culture  □ Education/Prof. Development

Time Spent Organizing:  Less than half an hour by the Academic Outreach Coordinator
# of Members Involved:  2/48  Avg. Hrs. Spent Per Member:  4
Members Involved:  Sarah Belchak, Kelsea Cronin
# of Electees Involved:  2/17  Avg. Hrs. Spent Per Electee:  N/A
Electees Involved:  N/A

General Description:
Continuing our strong relationship with the NM-Beta chapter, we sent two officers and two
initiates to their initiation. The officers assisted in the ceremony.

Purpose & Relationship to Objectives of TBP:
This project allowed for two more members to be initiated into our chapter (they could not make
our own ceremony). It also continued our strong relationship with the NM-Beta chapter.

Organization & Administration:
The attending officers arrive approximately two hours prior to the beginning of the ceremony.
Someone from the NM-B chapter (the chapter adviser) reserved the room and was there to open
up. Initiation materials were supplied by NM-B. The ceremony was conducted as per TBP
guidelines. Also, the banquet was arranged by a member of NM-B. An additional room was
reserved and food was delivered directly. The banquet was attended by everyone in attendance
to the preceding ceremony. The coordinating officers and advisers were in charge of clean-up of
both the ceremony and the banquet.

Other groups involved?  ☒ Yes  □ No
If "Yes", what groups?  NM-B Chapter
Cost & Personnel Requirements:
Everything was provided and paid for by the NM-Beta chapter besides gas money, which the Vice President paid for personally.

Problems:
None.

Overall Evaluation/Results:
This event was a success. We will continue trying to go to their ceremonies in the future.
3.11 Tau Beta 'Pie in the Face' Fundraiser

Project Number: Spring-11

Project Name: Tau Beta 'Pie in the Face' Fundraiser

New Project? □ Yes ☒ No

Date(s) of Project: 4/7/2017-4/8/2017

Project Area(s): ☒ Chapter/Social ☐ Prof./Engineering ☒ University/College
☐ Community/Liberal Culture ☐ Education/Prof. Development

Time Spent Organizing: About 5 hours by the Fundraising Coordinator

# of Members Involved: 8/68 Avg. Hrs. Spent Per Member: 2

Members Involved: Chris Saín, Melissa Freeman, Jared Camright, Brendan Noone, Luke Soule, Matt Davenport, Maria Troyer, Jacob Schmelzel

# of Electees Involved: 0/19 Avg. Hrs. Spent Per Electee: N/A

Electees Involved: N/A

General Description:
This fundraiser was held during the school carnival. We raffled members to be pied in the face as well as selling pies for people (non-members of Tau Beta Pi) to pie their friends. Raffle tickets cost 1=$2, 2=$3, 5=$5, regular pie $5. We provided a tarp for easy cleanup and ponchos for those getting pied. Tickets were sold outside the cafeteria the day before, as well, as the day of. We also sold water balloons as well at 3=$1.

Purpose & Relationship to Objectives of TBP:
The purpose of this event was to raise money for the club. It also was a fun event to relieve stress and bring people together.

Organization & Administration:
Posters were made and distributed two weeks prior to the event. Tickets were sold the day before and the day of. Pies were made the night before based on ticket sales the first day. For the pies, we purchased disposable pie tins and filled them with instant pudding. We also had whipped cream for the customers to decorate them with.

Other groups involved? □ Yes ☒ No

If "Yes", what groups? N/A
Cost & Personnel Requirements:
The supplies for the pies was the main cost. It was about $30 in total. Ponchos and the tarp were donated. Two to three people are needed to sell tickets on both days and make the pies. The more volunteers to be pied in the face the better. Last semester we had about 8 volunteers which attacked much more interest than this year with only 4 volunteers.

Problems:
There was low participation because there were several other events going on that day. It is also a busy part of the semester so many members did not have the time to volunteer.

Overall Evaluation/Results:
I would recommend doing this event again. I would hold it earlier in the semester and get other clubs involved. The more people volunteering the more successful it will be.
4 Spring 2017 Summary

4.1 Membership Timeline

# of Members at Start of Semester: 68
# of Active Members at Start of Semester: 48
# of Electees this Semester: 19
# Initiated this Semester: 18
Initiation Date: 4/2/2017
