# 1 TBP Office Clean Up Day

## New York Eta

### 1. Project Information

- i. Date(s): 08/27/21
- ii. New/Recurring Project: New
- iii. Project Areas:
  - Custom
  - Community/Liberal Culture
  - University/College
  - Profession/Engineering
  - Chapter/Social
  - Education/Professional Development
  - K-12 STEM
- iv. Number of persons who participated:

| Category | Count |
|----------|-------|
| Members  | 3     |
| Electees | 0     |

- v. Average number of hours per person spent:

| Participating | Organizing |
|---------------|------------|
| 0.5           | 2.0        |

### 2. Project Evaluation

- i. **General Description**

Clean the chapter office. Organize all files, monies, and initiation materials (pins, certificates, membership cards). Labeled all storage boxes for ease of access and tracking purposes.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This event enhanced the Image, Visibility, and Branding of Tau Beta Pi. As we returned to in-person classes in the fall, the goal was to make the office a more friendly environment for members to hang out, study, pick up T-shirts, initiation materials, and other TBP supplies.
- iii. **Organization and Administration**

Organized by the executive board of the TBP CCNY chapter.
- iv. **Total Cost**

\$20.0
- v. **Cost Breakdown**

Funds were allocated from our existing chapter balance for purchasing cleaning supplies.
- vi. **Special Problems Encountered**

None.
- vii. **Overall Evaluation**

Overall success. We cleaned up the office, organized our finances, and made a tracker for initiation materials that were unable to be distributed during the pandemic.

## 2 TBP Calendar Planning Day

### New York Eta

#### 1. Project Information

- i. Date(s): 09/08/21
- ii. New/Recurring Project: New
- iii. Project Areas:
  - Custom
  - Community/Liberal Culture
  - University/College
  - Profession/Engineering
  - Chapter/Social
  - Education/Professional Development
  - K-12 STEM
- iv. Number of persons who participated:

| Category | Count |
|----------|-------|
| Members  | 5     |
| Electees | 0     |

- v. Average number of hours per person spent:

| Participating | Organizing |
|---------------|------------|
| 1.0           | 2.0        |

#### 2. Project Evaluation

- i. **General Description**

In order to allocate the different events, conferences, and talks hosted within the Eta Chapter of TBP and all across TBP, members of the executive board met virtually to plan out the events on the TBP calendar and have it ready for all members of the Eta Chapter to view.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This event aided all TBP members so that they may become more active in participating in TBP talks and events. Furthermore, the event aided members in finding conferences that discuss specific skills that they may need.
- iii. **Organization and Administration**

The event was organized by coordinating through Whatsapp in order to find availability.
- iv. **Total Cost**

\$0.0
- v. **Cost Breakdown**

This was a virtual event so there was no cost associated with it. The event required the attendance of most of the executive board.
- vi. **Special Problems Encountered**

None.

vii. **Overall Evaluation**

Members were able to access a single platform that detailed all the events happening through the school year.

# 3 Steven Winters Info Session Collab with CPDI

## New York Eta

### 1. Project Information

- i. Date(s): 11/11/21
- ii. New/Recurring Project: New
- iii. Project Areas:
  - Custom
  - Community/Liberal Culture
  - University/College
  - Profession/Engineering
  - Chapter/Social
  - Education/Professional Development
  - K-12 STEM
- iv. Number of persons who participated:

| Category | Count |
|----------|-------|
| Members  | 5     |
| Electees | 0     |

- v. Average number of hours per person spent:

| Participating | Organizing |
|---------------|------------|
| 2.0           | 1.0        |

### 2. Project Evaluation

- i. **General Description**

In collaboration with CPDI (Career & Professional Development Institute), an event was hosted with Steven Winters Associates in order to inform members and other students of the company's specialization in energy and sustainability. Engineering internship and full-time positions in research and industry were discussed as well as what Steven Winters looks for in their applicants.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

The event helped members become aware of the research that Steven Winters is involved in and prospective jobs/internships. Furthermore, the info session allowed members to be more aware of what engineering opportunities are available in energy and sustainability.
- iii. **Organization and Administration**

The event was organized with the CPDI of CCNY.
- iv. **In Conjunction With**

Career and Professional Development Institute.
- v. **Total Cost**

\$0.0
- vi. **Cost Breakdown**

None.

vii. **Special Problems Encountered**

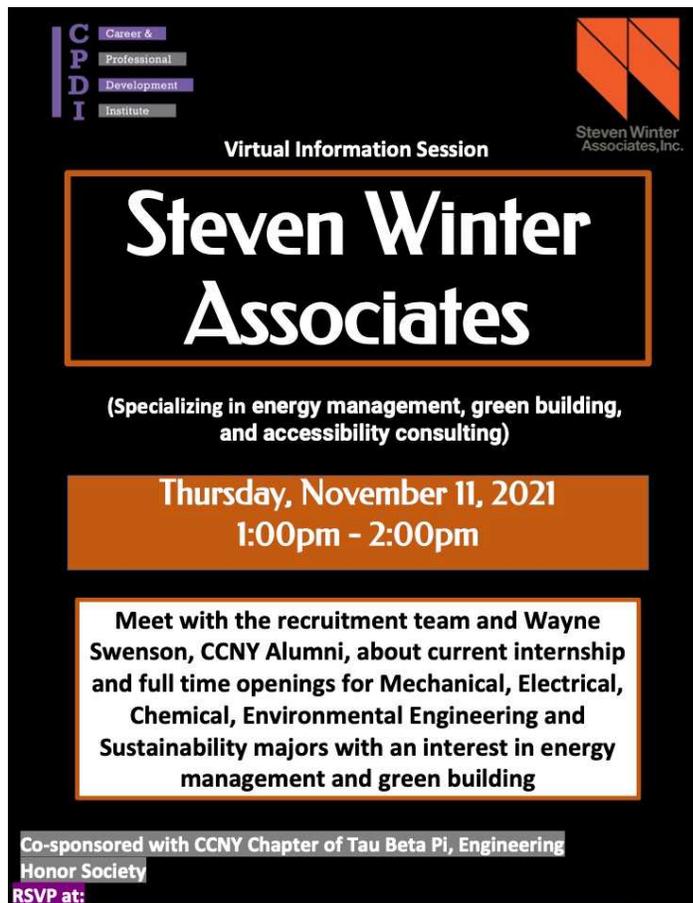

None.

viii. **Overall Evaluation**

Members were able to gain more information on available engineering positions in both research and industry within the energy field.

3. **Additional Attachments**

Figure 1: Steven Winters Virtual Flyer

The flyer is for a virtual information session for Steven Winter Associates, Inc. It features a black background with orange and white text. At the top left, the letters C, P, D, and I are stacked vertically, each with a corresponding label: Career 6, Professional, Development, and Institute. The top right corner has the Steven Winter Associates, Inc. logo, which consists of two orange squares forming a larger square. The main title 'Steven Winter Associates' is in large white font, enclosed in an orange border. Below the title, it says '(Specializing in energy management, green building, and accessibility consulting)'. The date and time 'Thursday, November 11, 2021 1:00pm - 2:00pm' are in white text on an orange background. A white box contains the text: 'Meet with the recruitment team and Wayne Swenson, CCNY Alumni, about current internship and full time openings for Mechanical, Electrical, Chemical, Environmental Engineering and Sustainability majors with an interest in energy management and green building'. At the bottom, it says 'Co-sponsored with CCNY Chapter of Tau Beta Pi, Engineering Honor Society' and 'RSVP at:'.

# 4 Coffee & Tea with EWB

## New York Eta

### 1. Project Information

- i. Date(s): 11/24/21
- ii. New/Recurring Project: New
- iii. Project Areas:
  - Custom
  - Community/Liberal Culture
  - University/College
  - Profession/Engineering
  - Chapter/Social
  - Education/Professional Development
  - K-12 STEM
- iv. Number of persons who participated:

| Category | Count |
|----------|-------|
| Members  | 4     |
| Electees | 0     |

- v. Average number of hours per person spent:

| Participating | Organizing |
|---------------|------------|
| 2.0           | 2.0        |

### 2. Project Evaluation

- i. **General Description**

In the spirit of the Thanksgiving season, we wrote letters for the NYC Food Bank to distribute to people who visit their food pantry. While doing so, attendees can grab a warm or cold tea at a nearby bubble tea spot.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This event reflects the chapter's attentiveness towards the objective of service as members learn how to give back in meaningful ways during the holiday season. This event also enhanced collaborative member engagement.
- iii. **Organization and Administration**

Organized by the executive board of the Tau Beta Pi Chapter and the Engineers Without Borders Chapters at City College with attendance from the Structural Engineers Association.
- iv. **In Conjunction With**

Joint effort by EWB, TBP, and SEA.
- v. **Total Cost**

\$0.0

vi. **Cost Breakdown**

Sought out volunteers to help write letter for the NYC food bank who were reimbursed with volunteer hours.

vii. **Special Problems Encountered**

None.

viii. **Overall Evaluation**

This event overall was a success. Unfortunately, due to the timing of the event (day before Thanksgiving), the turnout was not the best.

3. **Additional Attachments**

NEW YORK

*Coffee & Tea With  
EWB*

In the spirit of the Thanksgiving season, we will be writing letters for the NYC Food Bank to distribute to people who visit their food pantry!  
(We can give you volunteer credits for your work!)

Grab a warm (or cold) drink with us and meet people from different CCNY Engineering Organizations such as Tau Beta Pi & SEAoNY!

**NOVEMBER 24TH • 5:00 PM**

:) Please meet us at the NAC Rotunda

# 5 Spring Semester Intro Board Meeting and Election of Officers

## New York Eta

### 1. Project Information

- i. Date(s): 01/29/22
- ii. New/Recurring Project: New
- iii. Project Areas:
  - Custom
  - Community/Liberal Culture
  - University/College
  - Profession/Engineering
  - Chapter/Social
  - Education/Professional Development
  - K-12 STEM
- iv. Number of persons who participated:

| Category | Count |
|----------|-------|
| Members  | 5     |
| Electees | 0     |

- v. Average number of hours per person spent:

| Participating | Organizing |
|---------------|------------|
| 1.0           | 2.0        |

### 2. Project Evaluation

- i. **General Description**  
Incoming executive board members have been selected, discuss goals of the year, and begin to plan the spring semester calendar.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**  
Providing Relevant and Recognized Leadership and Professional Development.
- iii. **Organization and Administration**  
Organized by the President of the TBP chapter.
- iv. **Total Cost**  
\$0.0
- v. **Cost Breakdown**  
None.
- vi. **Special Problems Encountered**  
No.

vii. **Overall Evaluation**

Excellent meeting. Action items were delegated and an emphasis was placed on transitioning leadership, skills, and knowledge from the outgoing board to the incoming board.

3. **Additional Attachments**

Review Calendar

District Conference

- Virtual meeting weekend on Feb 26th or 27th (can be attended by any board members)
- In person at Binghamton Mar 26-27 (usually attended by President and VP of incoming and outgoing board) **Ryan will be attending; maybe: Greg, Jerry, Rasha, also informing new members**

**Coach bus**

Extras

TBP shirt ordering? Have members wear it for TBP clean up day?

<https://tau-beta-pi.myshopify.com/collections/t-shirts>

Graduation stoles orders (there are some in the office already). Let's take a graduation photo in May

**Minutes**

1. **New Eboard:** reach out to new Eboard, informing their position and involving them in out meetings(**Ryan**)
2. **Our first email to members**, make sure to include
  - (1)A form about the **preferred contact information**
  - (2)**PSEG event promotion** (flyer can be found on the google drive)
  - (3)Tau Beta Day, TBD

Figure 5: Spring Intro Board Meeting Agenda & Minutes P3

1/29/2022

- (4)shirt-ordering interest form: test members' reactions on discord first, then sent to members, having them decide what they want(**financials need to be figured out**)<https://tau-beta-pi.myshopify.com/collections/t-shirts>
3. **Tau beta day(TBD)**, a day to hang out with Tau Beta members, clean the statue, and lunch, advertising event for TBP, should happen before the orientation
4. Fill out the **availability form**(**all Eboard members, current and incoming**): <https://www.when2meet.com/?14372368-AXmZ7>
- 5.

# 6 PSEG LI Info Session Collab with CPDI

## New York Eta

### 1. Project Information

- i. Date(s): 02/15/22
- ii. New/Recurring Project: New
- iii. Project Areas:
  - Custom
  - Community/Liberal Culture
  - University/College
  - Profession/Engineering
  - Chapter/Social
  - Education/Professional Development
  - K-12 STEM
- iv. Number of persons who participated:

| Category | Count |
|----------|-------|
| Members  | 4     |
| Electees | 0     |

- v. Average number of hours per person spent:

| Participating | Organizing |
|---------------|------------|
| 2.0           | 1.0        |

### 2. Project Evaluation

- i. **General Description**

Members of TBP and students looking for summer internships through CPDI (Career & Professional Development Institute) gathered for an online informational session with PSEG to inform students about the available internships for the upcoming summer. Information about applying and the work they do was also covered.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This event helped to spread the word of Tau Beta Pi and further verify its commitment to helping its members network and receive summer internships and work opportunities.
- iii. **Organization and Administration**

Organized by the executive board of the Tau Beta Pi Chapter.
- iv. **In Conjunction With**

Career and Professional Development Institute.
- v. **Total Cost**

\$0.0
- vi. **Cost Breakdown**

None. Virtual information session.

vii. **Special Problems Encountered**

No problems were faced since communicating the opportunity to our members was our main priority.

viii. **Overall Evaluation**

The overall session was a success. Students were engaged and able to network if interested.

# 7 TBP Bent Test Polish

## New York Eta

### 1. Project Information

- i. Date(s): 03/02/22
- ii. New/Recurring Project: New
- iii. Project Areas:
  - Custom
  - Community/Liberal Culture
  - University/College
  - Profession/Engineering
  - Chapter/Social
  - Education/Professional Development
  - K-12 STEM
- iv. Number of persons who participated:

| Category | Count |
|----------|-------|
| Members  | 3     |
| Electees | 0     |

- v. Average number of hours per person spent:

| Participating | Organizing |
|---------------|------------|
| 1.0           | 1.0        |

### 2. Project Evaluation

#### i. General Description

In order to ensure the success of our Pi Day get together, we held a prep session prior to the main event. This involved researching, brainstorming, testing, and measuring abilities by our members. We had to find out the material of the statue in order to find the right cleaning products. We determined a proper procedure for the cleaning process that was safe and efficient.

#### ii. Purpose and Relationship to Objectives of Tau Beta Pi

This event reflects our chapters attentiveness towards our objective and philosophy of noblesse oblige which means to us that, if by virtue of our intellect, we are expected to lead in scientific thought and technical progress, we are also under the obligation to demonstrate an honorable and considerate attitude toward others. The members who attended this event provided information and procedures towards the proper processes for future maintenance and facilitation of our chapter's Tau Beta Pi Bent.

#### iii. Organization and Administration

Organized by the executive board of the Tau Beta Pi Chapter.

#### iv. Total Cost

\$0.0

v. **Cost Breakdown**

Our chapter already had the cleaning supplies and PPE required for testing.

vi. **Special Problems Encountered**

No problems were faced for this event as we've done prior research.

vii. **Overall Evaluation**

Through the virtue of our intellect, we were able to record all materials, information, and processes which resulted in the optimal efficiency. Thus, being able to provide future chapter members and events the necessary information to have successful developments.

# 8 TBP Eta Pi Day

## New York Eta

### 1. Project Information

- i. Date(s): 03/14/22
- ii. New/Recurring Project: New
- iii. Project Areas:
  - Custom
  - Community/Liberal Culture
  - University/College
  - Profession/Engineering
  - Chapter/Social
  - Education/Professional Development
  - K-12 STEM
- iv. Number of persons who participated:

| Category | Count |
|----------|-------|
| Members  | 13    |
| Electees | 12    |

- v. Average number of hours per person spent:

| Participating | Organizing |
|---------------|------------|
| 4.0           | 4.0        |

### 2. Project Evaluation

#### i. General Description

In conjunction with the annual celebration on 3-14 commemorating the mathematical constant Pi, our chapter polished the the Bent statue outside of the Engineering Building. We hoped to promote collaboration and a sense of community within the chapter, providing refreshments and offering the opportunity to purchase Tau Beta Pi merchandise to all of those who helped clean the Bent.

#### ii. Purpose and Relationship to Objectives of Tau Beta Pi

The event reflects our chapter's commitment towards helping achieve the organization's strategic goals while upholding its mission statement of recognizing those who have conferred honor upon their Alma Maters by distinguished scholarship and exemplary character. Through polishing the Bent statue, we are able to enhance the visibility and branding of the organization, while advancing active member engagement within the chapter as well as within the organization itself.

#### iii. Organization and Administration

The event was organized by delegating specific tasks to each of our chapter board members. First off, two of our board members were tasked with getting supplies for the event, while our social media coordinators sent a mass email to active members, along with an RSVP form. Flyers

containing a QR code redirecting viewers to the RSVP form were posted around the engineering building. Prior to the event, our supplies were tested on a small section of the Bent statue to ensure the effectiveness of the brass polish. On the day of the event, one board member was tasked with getting refreshments, and each of the board members took attendance and sold merchandise at the front table.

iv. **Total Cost**

\$173.02

v. **Cost Breakdown**

Food: \$81.64

Supplies: \$91.38

vi. **Special Problems Encountered**

We encountered a number of challenges organizing this event. First off, coordinating with the administration the use of the front courtyard of the engineering building was a challenge due to the location not being listed on Campus Groups (our university's campus engagement platform). To get the approval for the use of this space, we were required to send a proposal outlining the arrangement of the tables that were to be used in addition to the expected attendance.

vii. **Overall Evaluation**

The event was a massive success. There was a good turnout, and all those who came to join us used the time to converse and network with their fellow Tau Bates. The polishing of the Bent itself was also successful. The statue, which had been heavily tarnished, showed its original color and was restored to its natural shine by the conclusion of the event.

# 9 TBP Park Clean Up Day (Collab w/ MSI)

## New York Eta

### 1. Project Information

- i. Date(s): 04/09/22
- ii. New/Recurring Project: New
- iii. Project Areas:
  - Custom
  - Community/Liberal Culture
  - University/College
  - Profession/Engineering
  - Chapter/Social
  - Education/Professional Development
  - K-12 STEM
- iv. Number of persons who participated:

| Category | Count |
|----------|-------|
| Members  | 2     |
| Electees | 0     |

- v. Average number of hours per person spent:

| Participating | Organizing |
|---------------|------------|
| 2.0           | 2.0        |

### 2. Project Evaluation

- i. **General Description**

Members of TBP and MSI volunteered to help clean up parts of Joyce Kilmer Park in the Bronx. This included picking up recyclables, throwing away trash, and raking leaves.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This event reflects the chapter's attentiveness towards the objective of service as members show the spirit of giving to help clean up part of the environment. Because the members fostered a spirit of service in this event, it helped enhance the image and branding of the TBP chapter.
- iii. **Organization and Administration**

Friends of 4 Parks
- iv. **In Conjunction With**

Minority Serving Institution
- v. **Total Cost**

\$0.0
- vi. **Cost Breakdown**

None.

vii. **Special Problems Encountered**

The weather could've been better, but that was out of our control. Other than that, no problems were faced for this event as we've done prior research for planning and organizing the event.

viii. **Overall Evaluation**

The participants enjoyed their time reconnecting with one another as well as helping the park to be a better place to walk around in.

|----------|-------|
| Members  | 4     |
| Electees | 0     |

- v. Average number of hours per person spent:

| Participating | Organizing |
|---------------|------------|
| 2.0           | 2.0        |

### 2. Project Evaluation

- i. **General Description**

TBP members spoke to four different classes across grades 6-8 at Mott Hall III Career Day. Our members spoke to students about engineering in general as well as computer science and chemical engineering.
- ii. **Purpose and Relationship to Objectives of Tau Beta Pi**

This event enhanced the image, visibility, and branding of Tau Beta Pi in our community. This event also enhanced collaborative member engagement.
- iii. **Organization and Administration**

MS 128 Mott Hall III NYC
- iv. **In Conjunction With**

MS 128 Mott Hall III NYC, Prof. Alison Conway
- v. **Total Cost**

\$0.0
- vi. **Cost Breakdown**

None.

vii. **Special Problems Encountered**

Slight Zoom technical difficulties on the school's end but was promptly sorted out.

viii. **Overall Evaluation**

The students were engaged and asked great questions! It was a wonderful experience for our TBP members as well.

# 11 TBP Graduation Photo

## New York Eta

### 1. Project Information

i. Date(s): 06/03/22

ii. New/Recurring Project: New

iii. Project Areas:

- Custom
- Community/Liberal Culture
- University/College
- Profession/Engineering
- Chapter/Social
- Education/Professional Development
- K-12 STEM

iv. Number of persons who participated:

| Category | Count |
|----------|-------|
| Members  | 9     |
| Electees | 0     |

v. Average number of hours per person spent:

| Participating | Organizing |
|---------------|------------|
| 1.0           | 1.0        |

### 2. Project Evaluation

#### i. General Description

We have our first in-person graduation ceremonies since the pandemic. We are planning a day when Tau Bates can take graduation photos with graduating TBP members and celebrate their achievements. Also, it will be an opportunity to mingle with graduated Tau Bates who might be back for graduation ceremonies.

#### ii. Purpose and Relationship to Objectives of Tau Beta Pi

The event reflects Tau Beta Pi's missions to "promote lifelong alumni member involvement" and "provide leadership and professional development training for engineering students and alumni members". The event will allow Tau Bates to network with other fellows and build a community. Through conversations with Tau Bates that have already established themselves in the workplace, they will get inspired on what they need to do to succeed.

#### iii. Organization and Administration

The TBP president organized this event. It occurred right before our engineering school graduation.

#### iv. Total Cost

\$0.0

v. **Cost Breakdown**

None.

vi. **Special Problems Encountered**

None.

vii. **Overall Evaluation**

Wonderful event. The TBP grads were able to connect before their big moment!
