Chapter Project Report

Project number: 1
Type: Recurring

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated, but do not send extraneous material that would not be useful to other chapters.

Project name: ASCE Trick or Treat Canned Food Drive               Date(s) of Project: 10/27/2014

Project          Community/ Liberal Culture       University/ College       Profession/ Engineering
Area:             Chapter/ Social                  Education/ Prof. Dev.     K-12/MindSET

Number of persons who participated in this project:
Members: 3
Electees: 6

(Please attach a list of names.)

Hours spent on this project (per member).
Organizing: 0
Participating: 1

DESCRIPTION:

I. General Description:
Members of Tau Beta Pi went door to door in the university apartments asking students to donate non-perishable food items to the Ada Food Pantry.

II. Purpose & Relationship to Objectives of TBP:
The Ada Food Pantry distributes food items to those in need throughout the community. It's important for Tau Beta Pi to be a service in the community and supporting the Ada Food Pantry is a perfect opportunity to do that.

III. Organization & Administration: (in conjunction with another group?) Yes No
Performed in conjunction with the ONU ASCE chapter.

IV. Cost & Personnel Requirements:
No cost incurred. Personnel had to be free from classes/jobs/sports.

V. Special Problems:
None

VI. Over-all Evaluation/Results (Be Specific):
Worthwhile use of members’ time. Tau Beta Pi was able to collect two large boxes (4 x 4 x 3 feet) full of canned goods and other non-perishable food items to donate to the Ada Food Pantry.

VII. Index of Exhibits:
Exhibit A

Hours spent on this project (per person). Organizing: 0 Participating: 4

DESCRIPTION:

I. General Description:
   Tau Beta Pi members helped with the setup of the Ada Music Feast, which is a local high school show choir competition. Members signed up for 4 hour shifts the night before the competition to help with the setup.

II. Purpose & Relationship to Objectives of TBP:
   This project helped to raise community awareness of Tau Beta Pi off campus and fulfilled our goals as a service organization by volunteering at Ada High School.

III. Organization & Administration: (in conjunction with another group?) ___X__ Yes ___ No
   Organization for entire event was through Ada High School Music Boosters.

III. Cost & Personnel Requirements:
   No cost.

IV. Special Problems:
   None.

V. Over-all Evaluation/Results (Be Specific):
   This event helped raise awareness for Tau Beta Pi in the Ada Community. This is a big event (15-20 show choirs from around the region participate) for Ada High School and I know the organizers appreciated our help.

Organizing: 0
Participating: 6

DESCRIPTION:

I. General Description:
   Tau Beta Pi members helped in many different areas of the Ada Music Feast, which is a high school show choir competition that runs all day (6 a.m. to midnight). Members signed up for 3 hour shifts and worked in various parts of the competition, including running booths, doing stage setup, helping in the kitchen, and manning the first aid area.

II. Purpose & Relationship to Objectives of TBP:
   This project helped to raise community awareness for Tau Beta Pi off campus and fulfilled our goals as a service organization by volunteering at Ada High School.

III. Organization & Administration: (in conjunction with another group)? X Yes No
   Ada High School Music Boosters setup the event. Tau Beta Pi members served as helpers on the day of the event.

IV. Cost & Personnel Requirements:
   None.

V. Special Problems:
   None.

VI. Over-all Evaluation/Results (Be Specific):

Project name: Christmas Gifts (for Needy Hardin County Children) Date(s) of Project: 12/1-10/2014

Project __X__ Community/ Liberal Culture __ University/ College __ Profession/ Engineering
Area: __ Chapter/ Social __ Education/ Prof. Dev. __ K-12/MindSET

Number of persons who participated in this project
(Please attach a list of names.) Members: 11 Electees: 0

Hours spent on this project (per person).
Organizing: 2 Participating: 1.5

DESCRIPTION:

I. General Description:
Tau Beta Pi was given a list of three children’s names and a brief description of their clothes sizes and favorite activities. Eleven of our members split up and bought gifts for the children, wrapped them, and gave them to the children’s parents for delivery as Christmas gifts.

II. Purpose & Relationship to Objectives of TBP:
This is a great way to help out the community beyond ONU and Ada in a needed way and to spread joy to children in Ada. It’s important for Tau Beta Pi to be an active part of the community at large and helping out needy children is an excellent way to do this.

III. Organization & Administration: (in conjunction with another group?) __X__ Yes __ No
Names are collected by a single organization in Hardin County (OH) and distributed to those willing to assist. At ONU, the names are distributed through the Chapel.

IV. Cost & Personnel Requirements:
Each Tau Beta Pi member was expected to purchase about $20 worth of Christmas gifts per child assigned. The gifts were funded by each member, not by the chapter.

V. Special Problems:
None.

VI. Over-all Evaluation/Results (Be Specific):
The members of Tau Beta Pi realized how fortunate we are and were glad to be of service to children of Hardin County by providing some families with gifts for the holidays.

Project name: Riddle of the Month  
Date(s) of Project: 9/1/14-4/24/15

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated, but do not send extraneous material that would not be useful to other chapters.

Project Area:

- Community/ Liberal Culture
- University/ College
- Profession/ Engineering
- Chapter/ Social
- Education/ Prof. Dev.
- K-12/MindSET

Number of persons who participated in this project

- Members: 4
- Electees: 0

(please attach a list of names.)

Hours spent on this project (per person):

- Organizing: 4
- Participating: n/a

DESCRIPTION:

I. General Description:
   Each month, Tau Beta Pi displays a riddle in a visible place in the engineering building for students to solve. The students submit the solution to one of our advisors. Each answer is analyzed for correctness and the person who gets the riddle correct is awarded a $25 cash prize. If more than one student gets the riddle correct, a winner is drawn from the pool of correct answers.

II. Purpose & Relationship to Objectives of TBP:
   This project was designed to raise awareness of Tau Beta Pi within the College of Engineering, especially among younger students.

III. Organization & Administration: (in conjunction with another group?)

IV. Cost & Personnel Requirements:
   A committee of students decides upon a riddle (often from old issues of The Bent or other magazines) before the month begins. After the month ends, a cash prize of $25 is issued to the winner. A total of $175-$225 is necessary from the club depending on how many months the competition is operated. This was originally funded with a grant from TBP.

V. Special Problems:
   Receiving the grant money from TBP in a timely manner was a problem originally but now it is not funded by TBP.

VI. Over-all Evaluation/Results (Be Specific):
   Progress has been excellent, each month sees more submissions and more interest in the project.

VII. Index of Exhibits:
   None.

(Please attach a list of names.)

Hours spent on this project (per person).
Organizing: .5 Participating: 1

DESCRIPTION:

I. General Description:
The Ohio Iota chapter sings for one half hour in the ONU student center and donates $25 to the charity being supported by Kappa Phi, a national service club and the organizer of the 24 hour sing-a-thon. Each year, the money raised is donated to a social service charity.

II. Purpose & Relationship to Objectives of TBP:
This is a community service event and also an event that gives support to the activities of another university organization. This event promotes TBP and gives our organization exposure to the campus community.

III. Organization & Administration: (in conjunction with another group?) _X__ Yes ___ No
The project was completed in conjunction with many other organizations, all organized by the Kappa Phi Sorority.

IV. Cost & Personnel Requirements:
$25 donation to Kappa Phi from the chapter. The only personnel requirement was to sing (not necessarily well). Additionally, a pianist or other accompanist is nice to have.

V. Special Problems:
No special problems were encountered during the project.

VI. Over-all Evaluation/Results (Be Specific):
This was a great event for members to spend time together, have fun and to support another organization’s philanthropic activity.

VII. Index of Exhibits:

Project name: College of Engineering Outstanding Leadership Award  Date(s) of Project: 03/12/15

Area:  __ University/ College  ___ Profession/ Engineering

Number of persons who participated in this project:  Members: 3  Electees: 0

(Please attach a list of names.)

Hours spent on this project (per person):  Organizing: 2  Participating: 1

DESCRIPTION:

I. General Description:
   Junior and senior students, as well as the college of engineering faculty, are solicited for candidates for the Outstanding Leadership Award in late January. Two Tau Beta Pi members and two Joint Engineering Council members evaluate the applications received. After each person individually reviews and scores the applications, the scores are collected by one of our advisors and the applicant with the highest score wins the award. In the case of a tie, the committee discusses the two candidates and picks a single winner. The recipient of the award is recognized at the College of Engineering Honors Day Ceremony and at the University’s President’s Leadership Dessert (both in April).

II. Purpose & Relationship to Objectives of TBP:
   This project demonstrates that Tau Beta Pi cares about the leadership development and potential of the members of the engineering college.

III. Organization & Administration: (in conjunction with another group?)  __X__ Yes  ___ No
   Tau Beta Pi works with the college’s Joint Engineering Council to administer the award. Tau Beta Pi also submits the information for the recipient to the President’s Leadership Dessert Committee, so he or she may be invited to the dessert and recognized in the program.

IV. Cost & Personnel Requirements:
   The recipient’s name is inscribed on a plaque in the College of Engineering as well as honored during the engineering ceremony on Honor’s Day.

V. Special Problems:
   Very few students applied or were nominated for the award this year. The club will need to do a better job of encouraging nominations.

VI. Over-all Evaluation/Results (Be Specific):
   This project shows that Tau Beta encourages its members and others in the college to strive for high academic achievement and to be well-rounded and civic-minded individuals.
VII. Index of Exhibits:

Project name: Lawrence H. Archer Outstanding Sophomore Scholarship  Date(s) of Project: 4/25/2015

Project Area:
- ___ Community/ Liberal Culture
- ___ University/ College
- ___ Profession/ Engineering
- ___ Chapter/ Social
- ___ Education/ Prof. Dev.
- ___ K-12/MindSET

Number of persons who participated in this project
(Members: 8  Electees: 0)

Hours spent on this project (per person):
- Organizing: 1  Participating: 3

DESCRIPTION:

I. General Description:
Ohio Iota has received $500 to award an undergraduate engineering student through the TBP Chapter Performance Scholarship Program for several years. Ohio Iota uses this money to reward/recognize an outstanding sophomore. The purpose of this scholarship is to emphasize the importance of qualities such as outstanding scholarship, leadership skills, participation in college activities, and a strong character and reward a student who possesses such qualities. This scholarship is presented to the recipient on Honors Day at the College of Engineering Ceremony.

II. Purpose & Relationship to Objectives of TBP:
This award promotes the ideals of Tau Beta Pi, honors the long-standing support and character of one of our Deans (Larry Archer), as well as, exposes the engineering student body, especially sophomore engineers, to Tau Beta Pi.

III. Organization & Administration: (in conjunction with another group?) ___ Yes  ___ No

IV. Cost & Personnel Requirements:
Personnel and time are required of Tau Beta Pi members.

V. Special Problems:
For the $1000 scholarship, $500 is provided by Tau Beta Pi Headquarters and a matching $500 is provided by the Dean of the College of Engineering. These need to be requested, coordinated. Also, the student needs to have some financial need so coordination with the office of Financial Aid is required.

VI. Over-all Evaluation/Results (Be Specific):
This year members ranked applications received and worked with the Chief Advisor and the financial aid office to determine the winner. Tau Beta Pi decided to give one $1000 dollar scholarship to Enya Kent, sophomore EE major.

Organizing: 1  
Participating: 3

DESCRIPTION:
I. General Description:  
Tau Beta Pi members went to Ada Junior High and judged 7th grade science fair projects. Judging consisted of listening to presentations and asking the student questions. Judges provided scoring and feedback to students and their teachers.

II. Purpose & Relationship to Objectives of TBP:  
This project helped to raise community awareness of Tau Beta Pi off campus and promoted the sciences and engineering for younger students.

III. Organization & Administration: (in conjunction with another group?)  
_X_ Yes  
__ No

The science fair was organized by Ada Jr. High teachers.

IV. Cost & Personnel Requirements:  
No costs or travel was required for this project.

V. Special Problems:  
None.

VI. Over-all Evaluation/Results (Be Specific):  
Tau Beta Pi students were able to encourage and critique junior high students, so that they may be more successful going forward in the competition or continuing to learn about scientific topics.

Members: 5  
Electees: 0

(Please attach a list of names.)

Hours spent on this project (per person).  
Organizing: 1  
Participating: 5

DESCRIPTION:

I. General Description:  
Ohio Northern University hosted 23 area high schools and nearly 500 students in grades 9 through 12 for the annual TEAMS (Tests of Engineering Aptitude, Mathematics and Science) engineering competition from 9 AM – 1 PM.

II. Purpose & Relationship to Objectives of TBP:  
ONU Tau Beta Pi members volunteered several hours during the day to check in students/schools, pass out, administer, and grade tests for the students. This competition is very important to Tau Beta Pi because it paves the way for the next generation of engineers and hopefully future TBP members.

III. Organization & Administration: (in conjunction with another group?)  
_X_ Yes  
___ No

TEAMS at ONU is organized by Peg Hibbard (in the civil engineering department).

IV. Cost & Personnel Requirements:  
No cost or travel was required for this project, as it was hosted by ONU at the Sports Center.

V. Special Problems:  
None involving the event. However, it is now hosted during the ONU spring break so most Tau Beta Pi members are not available to assist.

VI. Over-all Evaluation/Results (Be Specific):  
The members are integral to the success of a competition that encourages the high school students to pursue the STEM fields.

(Please attach a list of names.)

Hours spent on this project (per person).
Organizing: 0.5  Participating: 1

DESCRIPTION:

I. General Description:
Invitations to join our organization were presented to qualified students during their classes. The invitations were expected to be returned by initiates by the next week.

II. Purpose & Relationship to Objectives of TBP:
This project helped to make Tau Beta Pi more visible within the college community and at the same time publicly recognize the prospective TBP members who have shown exemplary scholarship and character.

III. Organization & Administration: (in conjunction with another group?) ___ Yes  _X_ No

IV. Cost & Personnel Requirements:
There were no costs or excessive personnel requirements from any participating members, besides current members arranging with faculty members to enter their classes and current members rearranging their schedules to present the invitations to the students when they were in class.

V. Special Problems:
None.

VI. Over-all Evaluation/Results (Be Specific):
The project was very successful. All the invitations were given out on time and electees recognized and applauded for their efforts by their peers.

Chapter Project Report

Project number: 15
Type: Recurring

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated, but do not send extraneous material that would not be useful to other chapters.

Project name: Small Bent Polishing
Date(s) of Project: 10/1/14-10/30/14

Area: _X_ Chapter/ Social

Number of persons who participated in this project
Members: 0
Electees: 13
(Please attach a list of names.)

Hours spent on this project (per person).
Organizing: 0 Participating: 5

DESCRIPTION:

I. General Description:
   It is a tradition of the Ohio Iota Chapter to have the initiates polish a small bent on their own time. The end result of this activity gives the initiates a bright, shiny bent to wear with pride during the initiation ceremony and reception.

II. Purpose & Relationship to Objectives of TBP:
   This is a good way to educate the initiates about the symbol of Tau Beta Pi. It also represents the commitment that will be expected of them as members.

III. Organization & Administration: (in conjunction with another group?) ___ Yes _X_ No
   The initiates attended a meeting where they were presented with the small bents and polishing instructions which limited them to hand polishing only.

IV. Cost & Personnel Requirements:
   Approximately $100 in raw materials purchased by the club. The initiates invested a great deal of time in this project.

V. Special Problems:
   None.

VI. Over-all Evaluation/Results (Be Specific):
   This is a good project because it gives the initiates a way to express their desire to become a member of Tau Beta Pi. It shows the initiates that they will have to manage additional tasks upon becoming a member.

VII. Index of Exhibits:
   None.
Small Bent Polishing Participants

Chapter Project Report

Chapter: Ohio Iota
Project number: 16
Type: Recurring

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated, but do not send extraneous material that would not be useful to other chapters.

Project name: Large Bent Polishing
Date(s) of Project: 9/30/14-10/7/14

Area:
- Community/ Liberal Culture
- University/ College
- Profession/ Engineering

Number of persons who participated in this project
Members: 3
Electees: 13
(Please attach a list of names.)

Hours spent on this project (per person).
Organizing: 0.5
Participating: 1

DESCRIPTION:

I. General Description:

It is a tradition of the Ohio Iota Chapter to have the initiates polish the large Tau Beta Pi bent outside of the Biggs Engineering Building. This ensures that the bent is prepared for the initiation ceremony as well as better preserved over years of weather.

II. Purpose & Relationship to Objectives of TBP:

This is a good way to get the initiates and the members to interact. It also represents the commitment that will be expected of the initiates as members.

III. Organization & Administration: (in conjunction with another group?) ___ Yes  _x_ No

IV. Cost & Personnel Requirements:

No cost this year as we used left over polish and rags from previous years. At least one current member has to agree to coordinate and be present for each polishing session.

V. Special Problems:

None.

VI. Over-all Evaluation/Results (Be Specific):

This is a good project because it gives the initiates a way to express their desire to become a member of Tau Beta Pi and meet current members. It preserves the tradition and history of Tau Beta Pi by cleaning and protecting the bent from future exposure to the elements.

(Please attach a list of names.)

Hours spent on this project (per person):  
Organizing: 1  
Participating: 1

DESCRIPTION:

I. General Description:  
All members were invited to a pizza party held in the Biggs Engineering building. This allowed members to socialize with other members and to hold a competition to determine the shiniest Bent for the fall initiates.

II. Purpose & Relationship to Objectives of TBP:  
This project allowed the members of Tau Beta Pi to get together for a time away from academic and community involvement. This also allowed a casual environment for conducting a competition for the shiniest Bent.

III. Organization & Administration: (in conjunction with another group?)  
___ Yes  _x_ No

IV. Cost & Personnel Requirements:  
The cost of pizza, pop, and supplies for lunch.

V. Special Problems:  
None.

VI. Over-all Evaluation/Results (Be Specific):  
The members really enjoyed the food and the time to relax. It also gave the old and newly elected members a chance to meet and become more acquainted with each other. The new members with the best looking Bents were awarded gift certificates to a local pizza place.

VII. Index of Exhibits:  
None.

Organizing: 0.5  
Participating: 2

DESCRIPTION:

I. General Description:  
A banquet was held following the initiation ceremony to allow the new members and their families time to celebrate the special day. We also honored our newly elected Eminent Engineer, who gave a short speech following the meal.

II. Purpose & Relationship to Objectives of TBP:  
The banquet conveys the spirit of Tau Beta Pi to the newly initiated and the old Tau Bates and to their families.

III. Organization & Administration: (in conjunction with another group?  
___Yes  _X_ No

Current members reserved the campus restaurant for the event and planned the menu. Approximately sixty people attended the banquet.

IV. Cost & Personnel Requirements:  
The cost of the meal was $18 per person. Initiates meals were paid from their dues paid, parents and faculty paid for themselves and student members of TBP paid part of their meal cost. Two TBP members were required to reserve the space, provide set-up information and work with catering on the meal.

V. Special Problems:  
None.

VI. Over-all Evaluation/Results (Be Specific):  
This project is a tradition of the Ohio Iota Chapter and has remained so because of the outstanding attendance record of the students, families, and faculty members.

Number of persons who participated in this project
(Members: 4  Electees: 0
(Please attach a list of names.)

Hours spent on this project (per person).
Organizing: 0.5  Participating: 2

DESCRIPTION:

I. General Description:
   A reception was organized to welcome the families and inform them of the objectives and purpose of Tau Beta Pi. The families are given the chance to view the Tau Beta Pi video and to meet with a current member(s) while their family member is being initiated.

II. Purpose & Relationship to Objectives of TBP:
   The reception presents a positive image of Tau Beta Pi and familiarizes the parents and other guests with the objectives of the organization.

III. Organization & Administration: (in conjunction with another group?) ___ Yes  ___X_No

IV. Cost & Personnel Requirements:
   Approximately $50 for refreshments (paid by Tau Beta Pi). One member does need to reserve space for the event, provide set-up information and work with catering on the menu. Also, one to two members must act as hosts for the event during initiation.

V. Special Problems:
   Campus dining services accidentally switched the reception from a room called ‘The Wishing Well’ to the campus Activities Room.

VI. Over-all Evaluation/Results (Be Specific):
   The families were pleased with the opportunity to meet the other initiates’ families and have any questions answered by a current member. It is an excellent way to entertain the families during the closed initiation ceremony.

DESCRIPTION:

I. General Description:
The purpose of this Tau Beta Pi member meeting was to elect officers for the coming school year. Students that were returning in the fall from co-op were given a chance to run for any of the eight officer positions.

II. Purpose & Relationship to Objectives of TBP:
This project brought the members of Tau Beta Pi together for a time away from academic and community involvement. This also allowed the chapter to elect new officers.

III. Organization & Administration:
(in conjunction with another group? Yes No)

IV. Cost & Personnel Requirements:
None.

V. Special Problems:
None.

VI. Over-all Evaluation/Results (Be Specific):
Eight juniors were elected to the officer positions. They were given a chance to talk with the previous officers about their duties after elections. The officers were given their first assignment: organize a picnic for the graduating seniors on Honor’s Day.

Number of persons who participated in this project
Members: 19
Electees: 0
(Please attach a list of names.)

Hours spent on this project (per person):
Organizing: 0.5
Participating: 2.5

DESCRIPTION:
I. General Description:
The new officers organized a picnic to recognize the graduating members during the University established Honors Day. All graduating members and their parents were invited.

II. Purpose & Relationship to Objectives of TBP:
Recognition of the senior’s hard work and celebration of their accomplishments throughout their college career.

III. Organization & Administration: (in conjunction with another group? ___ Yes  X No)
Organized by the new officers.

IV. Cost & Personnel Requirements:
The Chapter bought the hamburgers, hotdogs, buns, and plates for about 50 people. The new officers reserved the space, purchased food, prepared the food.

V. Special Problems:
None (it rained so we had to have the picnic inside at our back-up location).

VI. Over-all Evaluation/Results (Be Specific):
The picnic was a definite success. Parents had a chance to meet other Tau Beta Pi members and get a better idea of what the organization is all about. Junior and senior members had a chance to socialize one last time before the seniors graduate.

Date(s) of Project: _02/10/15_

Project Area: ___ Community/ Liberal Culture ___ University/ College ___ Profession/ Engineering  
___ Chapter/ Social ___ Education/ Prof. Dev. ___ K-12/MindSET

Number of persons who participated in this project  
Members: 2  Electees: 0

(please attach a list of names.)

Hours spent on this project (per person).  
Organizing: 0  Participating: 1

DESCRIPTION:

I. General Description:  
Add names of initiates to TBP informational board and hang awards from 2014 national convention on Tau Beta Pi informational board located near engineering building entrance.

II. Purpose & Relationship to Objectives of TBP:  
The purpose of this project was to promote the Ohio Iota chapter of Tau Beta Pi by updating the membership board and displaying newly earned awards.

III. Organization & Administration: (in conjunction with another group? ___ Yes ___ No)  
Members contacted the dean’s office for access to the informational board (it is locked) and updated the membership and replaced the previous year’s awards with the current awards.

IV. Cost & Personnel Requirements:  
The Personnel for the event consisted of two members being available to update the informational board and post awards.

V. Special Problems:  
None.

VI. Over-all Evaluation/Results (Be Specific):  
The task was completed successfully. All new members are listed on the board and new awards are hung with pride. The board is in a prominent place at the entrance of the engineering building on campus.

Date(s) of Project: 05/8/15

Project Area: _X_ Chapter/ Social

Number of persons who participated in this project
Members: 8    Electees: 0
(Please attach a list of names.)

Hours spent on this project (per person).
Organizing: 2    Participating: 6

DESCRIPTION:

I. General Description:
Every year the Ohio Iota Chapter compiles a project report to be sent to the National organization as well as the Dean of Engineering at Ohio Northern. Officers updated many reports as the year progressed, but there were still some reports to complete by the end of the school year. An additional meeting was held for current and new officers to work on the project report.

II. Purpose & Relationship to Objectives of TBP:
The report is a requirement for all TBP chapters, but it was an excellent opportunity for the new and old officers to work together. The new officers will now be better prepared to work on next year’s report.

III. Organization & Administration: (in conjunction with another group? ___ Yes _X_ No

IV. Cost & Personnel Requirements:
No extra costs were required. TBP officers spent several hours organizing and updating the report.

V. Special Problems:
None.

VI. Over-all Evaluation/Results (Be Specific):
The project was successful. The method used previously of updating the reports as the events happen is very effective, and should be returned to in the future.

VII. Index of Exhibits:
None.

Members: 1
Electees: 0
(Please attach a list of names.)

Hours spent on this project (per person).
- Organizing: 2
- Participating: 96

DESCRIPTION:

I. General Description:
Three members of the Ohio Iota chapter attended the Tau Beta Pi National Convention in Spokane, WA. One non-voting delegate attended meetings and went to extra sessions to converse with other officers from other chapters.

II. Purpose & Relationship to Objectives of TBP:
Our chapter got many ideas for chapter activities and helped many other chapters with ideas to increase the participation and effectiveness of their chapters.

III. Organization & Administration: (in conjunction with another group?) ______ Yes ______ No

IV. Cost & Personnel Requirements:
No costs to chapter. All costs were paid by the college of engineering. Faculty & students had to be available to miss several days of classes.

V. Special Problems:
None.

VI. Over-all Evaluation/Results (Be Specific):
The non-voting delegate learned a lot and was inspired to start new projects that he heard from other chapters. The officers in attendance (both voting/non-voting) also learned about Tau Beta Pi as an organization.

Project name: Weekly Tutoring
Date(s) of Project: Every Wednesday

Project: ___Community/ Liberal Culture ___University/ College ___Profession/ Engineering
Area: ___ Chapter/ Social ___Education/ Prof. Dev. ___K-12/MindSET

Number of persons who participated in this project
(Please attach a list of names.)
Members: 23 Electees: 0

Hours spent on this project (per person).
Organizing: 0.5 Participating: 3

DESCRIPTION:

I. General Description:
   Tau Beta Pi provided one-on-one tutoring sessions for students of the Engineering College. Tutoring sessions covered courses in general engineering, introductory physics, and calculus.

II. Purpose & Relationship to Objectives of TBP:
   This project helped to promote the growth and quality of engineering by providing an educational service to future engineers.

III. Organization & Administration: (in conjunction with another group?) ___ Yes ___ No
   Tutoring sessions were organized by the vice president of the Tau Beta Pi chapter.

IV. Cost & Personnel Requirements:
   Every Wednesday during Fall and Spring semesters, two members of Tau Beta Pi were required to dedicate two hours to prescheduled tutoring sessions.

V. Special Problems:
   Previously, it had been difficult to answer all student questions at tutoring because of the diverging knowledge of the spectrum of engineering majors. This year we strived to have one electrical or computer engineering member tutor with one civil or mechanical engineering member. This was a good solution, but it proved difficult to fill all of the spots due to the low number of ECE students in the chapter.

VI. Over-all Evaluation/Results (Be Specific):
   Tutoring proved to be a valuable experience for the promotion of scholarship of campus engineering students, while providing leadership roles for current Tau Beta Pi members.

VII. Index of Exhibits:
   None.

DESCRIPTION:

I. General Description:

   The tradition of chapter signature sheets requires electees to obtain the signature of one Tau Beta Pi Advisor and at least two Ohio Iota student members.

II. Purpose & Relationship to Objectives of TBP:

   This project allows electees to meet and become familiar with current student members and Tau Beta Pi advisors. It is also an opportunity for electees to demonstrate their desire to become Ohio Iota members, while not causing too much stress.

III. Organization & Administration: (in conjunction with another group?) ___ Yes ___ No

   After attending an informational meeting and receiving the required forms, this project was the responsibility of each individual electee.

IV. Cost & Personnel Requirements:

   None.

V. Special Problems:

   None.

VI. Over-all Evaluation/Results (Be Specific):

   This project is a valuable way to acquaint electees with current advisors and members. By seeking out and conversing with advisors and current members, electees experience the requirements and standards of Tau Beta Pi first hand.

VII. Index of Exhibits:

   None.
Signature Sheet Participants

Electees

1. Derek Blubaugh
2. Nicholas Holtom
3. Taylor Manahan
4. Brett Neutzling
5. Elijah Dean
6. Lucas Karr
7. Nathan Knodel
8. Michael Potter
9. Jordan Reeves
10. Dylan Wyatt
11. Rebekah Douglass
12. Joshua Gedert
13. Tyler Germann
Membership in the Ohio Iota chapter during each semester of the past year is shown in Table 1. All electees accepted the chapter’s invitation for membership and all were initiated in the fall. Table 2 shows a summary of the projects with membership participation noted. Three members were on co-op away from the Ada area for both the spring and fall semesters and thus were not able to participate in any projects. These three will return to classes full-time in Fall 2015.
