Hours spent on this project: Organizing: 0, Participating: 43

DESCRIPTION:

I. General Description:
   Two members attended the Tau Beta Pi National Convention in Detroit, MI.

II. Purpose & Relationship to Objectives of TBP:
   The purpose of this convention was to bring TBP chapters nationwide together to take care of the business side of TBP. Also, this gave chapters a chance to help one another out by sharing ideas and activities so that each could become the best possible chapters that they can be.

III. Organization & Administration: (in conjunction with another group)? __ Yes __X No

IV. Cost & Personnel Requirements: Cost of a non-voting delegate to attend was covered by the ONU College of Engineering.

V. Special Problems: None

VI. Over-all Evaluation/Results (Be Specific):
   The chapter was able to voice their opinion on all of the TBP issues and business items at the national level, aiding the group in becoming better officers.
VII. Index of Exhibits: Exhibit G

Hours spent on this project: Organizing: 1, Participating: 20

DESCRIPTION:

I. General Description:
Electees polished the small bent that they received prior to initiation.

II. Purpose & Relationship to Objectives of TBP:
The purpose of this event was for the newest members to take pride in being a part of Tau Beta Pi and show this by polishing the small bent. A competition was held to recognize the shiniest bent.

III. Organization & Administration: (in conjunction with another group? Yes No)

IV. Cost & Personnel Requirements: Each electee took time to polish the small bent. The cost of the bent was included in the their initiation fee.

V. Special Problems: One electee did not follow instructions (they used electric equipment to polish).

VI. Over-all Evaluation/Results (Be Specific):
The electees successfully polished their individual bents and tried their best to make them shine.

DESCRIPTION:

I. General Description:
New members and their families, as well as current members, were invited to attend a banquet after initiation.

II. Purpose & Relationship to Objectives of TBP:
This project allowed new members to mingle with their families, other members, and those members’ families. Parents were able to learn more about the organization as well.

III. Organization & Administration: (in conjunction with another group? ___ Yes  _X_ No
Invited new members and their families, and we had to make sure food was available and the room was reserved.

IV. Cost & Personnel Requirements: Each meal cost $18. The cost for the newest members was included in their initiation fees and the families and current members paid for their meal. Several members, including the Chief Advisor, were involved in reserving space, working with catering and updating and having the programs printed.

V. Special Problems: None

VI. Over-all Evaluation/Results (Be Specific):
This project was a success as we almost all families show up to support the new members. Everyone enjoyed the food as well.

DESCRIPTION:

I. General Description:
One member of the Ohio Iota chapter attended the Tau Beta Pi National Convention in Dearborn, Michigan, as non-voting delegates. One non-voting delegate attended meetings and went to extra sessions to converse with other officers from other chapters.

II. Purpose & Relationship to Objectives of TBP:
Our chapter got many ideas for chapter activities and helped many other chapters with ideas to increase the participation and effectiveness of their chapters.

III. Organization & Administration: (in conjunction with another group? ___ Yes ___ No

IV. Cost & Personnel Requirements: None. All costs were paid by the college of engineering.

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific):
The non-voting delegate learned a lot and was inspired to start new projects that she heard from other chapters. The officers in attendance (both voting/non-voting) also learned about
Tau Beta Pi as an organization and were able to meet members from other chapters including many in District 7.

Number of persons who participated in this project: Members: 27 Electees: 0
(Please attach a list of names.)

Hours spent on this project: Organizing: 3, Participating: 210

DESCRIPTION:

I. General Description:
   Tau Beta Pi provided one-on-one tutoring sessions for students of the Engineering College every Wednesday evening during the fall and spring semesters. Tutoring sessions covered courses in general engineering, introductory physics, and calculus. The chapter also offered subject specific tutoring immediately preceding some exams (i.e. circuits, statics).

II. Purpose & Relationship to Objectives of TBP:
   This project helped to promote the growth and quality of engineering by providing an educational service to future engineers.

III. Organization & Administration: (in conjunction with another group?  ___ Yes  ___X_No
   Tutoring sessions were organized by the vice president of the Tau Beta Pi chapter.

IV. Cost & Personnel Requirements:
   Every Wednesday during Fall and Spring semesters, at least two members of Tau Beta Pi were required to dedicate two hours to pre-scheduled tutoring sessions.

V. Special Problems:
   Previously, it had been difficult to answer all student questions at tutoring because of the diverging knowledge of the spectrum of engineering majors. This year we strived to have one electrical or computer engineering member tutor with one civil or mechanical
engineering member. This was a good solution, but it proved difficult to fill all of the spots due to the low number of ECE students in the chapter.

VI. Over-all Evaluation/Results (Be Specific):
  Tutoring proved to be a valuable experience for the promotion of scholarship of campus engineering students, while providing leadership roles for current Tau Beta Pi members.

DESCRIPTION:

I. General Description:
The tradition of chapter signature sheets required electees to obtain the signature of one Tau Beta Pi Advisor and at least two Ohio Iota student members.

II. Purpose & Relationship to Objectives of TBP:
This project allows electees to meet and become familiar with current student members and Tau Beta Pi advisors. It is also an opportunity for electees to demonstrate their desire to become Ohio Iota members, while not causing too much stress.

III. Organization & Administration: (in conjunction with another group?  ___ Yes   ___X_No
After attending an informational meeting and receiving the required forms, this project was the responsibility of each individual electee.

IV. Cost & Personnel Requirements: None

V. Special Problems: None

VI. Over-all Evaluation/Results (Be Specific):
This project was a valuable way to acquaint electees with current advisors and members. By seeking out and conversing with advisors and current members, electees experience the requirements and standards of Tau Beta Pi first hand.

Membership Information

Membership in the Ohio Iota chapter during each semester of the past year is shown in Table 1. All but one electee accepted the chapter’s invitation for membership and all were initiated in the fall. Several members were on co-op away from the Ada area for spring or fall semesters and thus were not able to participate in many projects.
